Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA’s LCAP, as it demonstrates the LEA’s efforts to support the state priorities.

The CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state’s Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA’s plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA’s LCAP.
Strategy

Explain the LEA’s strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA’s LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA’s broader strategy reflected in the LCAP.

The Charter school takes a holistic approach to achieving student achievement. The following outlines local priorities and how we anticipate using federal funds to support our strategy.

Local Priority 1 Extended learning time:

The Charter School offers an extended day model, where students are in school until at a minimum of one hour beyond core instructional time. This long day gives our students the opportunity for more time on task to master the core content standards and experience educational enrichment. The extended day allows the Charter School to employ a rotational model for instruction in which students rotate between teacher-led small groups, online instruction, and independent work, as well as time for intervention activities such as working on intervention games.

Local Priority 2 Parents as Partners:

The Charter School believes one of the most significant contributing factors to our school success is the partnership that exists between students, their families, and our school team. The Charter School will work to engage parents in multiple ways and levels.

Local Priority 3 Staff development and professional collaboration aligned with standards-based instructional materials:

Several weeks before the school year will be dedicated to staff development and professional collaboration. The week before school starts will be dedicated to long-term planning in Mathematics. In addition, early release days will be used to plan, reflect, and share best practices on a weekly basis. Staff development and professional collaboration will be led by the School Leader and Dean except in cases where they choose to bring in other instructional leaders.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The Charter School’s primary planning document is the Local Control and Accountability Plan (LCAP). In the LCAP the Charter School outlines all of the schools strategies, actions, services, goals and measurable outcomes. In order to ensure alignment, the Charter School’s LEA Federal Addendum to the LCAP discusses strategies and activities that are based on federal funding which are in addition to our overall approach outlined in the LCAP. Our Single Plan for Student Achievement (SPSA) discusses the federal funds tied to the strategies and activities in our LEA Federal Addendum. The goals in the SPSA are also aligned to the LCAP to ensure there is alignment throughout the three school plans.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards
Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

(A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
(B) identifying students who may be at risk for academic failure;
(C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
(D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Overuse in Discipline Practices that Remove Students from the Classroom

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

Career Technical and Work-based Opportunities

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

(A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
(B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. Each provision for each program provided on the following pages must be addressed, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision within this addendum.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity
ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Not Applicable for Charter School

Parent and Family Engagement
ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).
Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:
The Charter School was not identified for CSI or ATSI.

The parent and family engagement policy is developed jointly, updated periodically, and agreed on with parents of children participating in Title I, Part A programs. The Charter School’s processes for developing and evaluating its Title I parent engagement policy with the involvement of parents include the following:

- Asking for feedback on the policy during the annual Title I meeting
- Family leadership council meetings
- Parent surveys conducted in the beginning and middle of the year
- Parents are asked for feedback and input during monthly family nights or workshops
- Providing parents of Title I students with timely information about Title I programs through the Family Handbook, weekly newsletter, parent bulletin, phone calls, and emails

The parent engagement policy process is aligned with the Charter School’s LCAP stakeholder involvement process. During the annual LCAP stakeholder engagement meeting, the School Leader of the Charter School presents to parents on the goals, actions and services, and outcomes in the school’s LCAP. Parents follow along with the presentation, recording their feedback on an accompanying survey in real time. This parent input influences the LCAP as well as the parent engagement policy and all aspects of school culture.

The Charter School assists parents in understanding State standards and assessments, Title I requirements and how to monitor their child’s progress and work with teachers to improve their child’s achievement in the following ways:

- Constant communication between the school and home. Parents are given their child’s teacher’s cellular phone number to use whenever they need clarification about an academic assignment or need to talk about their child’s progress
- Parents are involved in planned parent nights as well as parent/teacher conferences where they learn ways to support their child at home and about their child’s progress.
- Parents of students at the Charter School may also participate in School Site Council
- The Charter School provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet through report cards, parent-teacher conferences, weekly newsletters, parent workshops, and data reports.

The Charter School supports parents with materials and training on how to improve their child’s achievement through the above-mentioned parent workshop nights. Specifically, parents receive training on how to support the development of their child’s reading, writing, and mathematical skills at parent workshop nights.

The Charter School educates teachers, principals, and other staff on the value of contributions of parents and how to communicate and work with parents as equal partners in the following ways:

- Front office and operational staff members receive professional development on creating a warm and welcoming environment for all school visitors, including parents and families
- All Charter School staff must have evidence of strong connections with students and their families.

The Charter School integrates parent involvement with other programs in the following ways:

- The Charter School’s afterschool program invites parents to student showcases.
- Parents of ELs may participate in the ELAC
- Parents are encouraged to participate in the Family Ambassadors program led by the regional Advocacy and Community Engagement team.

The Charter School provides informed participation of parents who have LEP, parents with disabilities, and parents of migratory children and ensure information about parent programs, meetings, and activities is provided in a format and language parents can understand in the following ways:

- The Charter School will determine parents’ language needs via the Home Language Survey. The Charter School will ensure that written communications are provided in a language LEP parents can understand and also provide translation and interpretation services for all meetings involving these family members.
- The Charter School uses a questionnaire to identify migratory families and determine and provide necessary additional supports
- The Charter School employs many different modes of communication – letters, phone calls, online platforms, in-person meetings – to ensure all families are engaged in an appropriate format.

The Charter School addresses requests from parents of Title I students for other supports in the following ways:
Requests can be made directly to the SL and administration of the school. The school’s leadership will then work one-on-one with families to address or resolve the request.

**Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children**  
ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA’s schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**
Description of programs and services provided at the Charter School and how the services support academically at-risk students and close achievement gaps:

- Designated daily blocks allow teachers to target specific student needs, and an intervention program provides further small group instruction to students below grade level.
- Use of proven methodologies including individualized instruction for ELs. Students’ language proficiency is monitored to ensure progress.
- Support of socioeconomically disadvantaged students through “College Bound” culture and by working with families to create supportive learning environments at home.
- Compliance with state and district special education policy. After assessment, the IEP team meets and decides eligibility, the Least Restrictive Environment, IEP goals, and appropriate services.
- Instruction by qualified teachers - the goal of the Charter School’s recruitment process is to find driven candidates who have developed cultural competency, have 2 or more years of successful teaching experience in an underresourced community, and have exemplary student achievement results.
- High-Quality Professional Development – teacher PD includes 4 weeks during the summer, 3 pupil-free days, and weekly sessions on early dismissal days. The administration monitors and supports teachers.
- Strategies to increase parent involvement - the Charter School facilitates constant communication between school and home. Parents are involved in parent/teacher conferences and receive training on how to support the development of their child’s reading, writing, and mathematical skills at home at parent workshop nights. Teachers send home daily communication logs. Additionally, the charter school sends home weekly newsletters, and all teachers are given cellular phones so that families can contact them for support.
- Plan for student transitions - through student recruitment efforts, the school leader communicates regularly with local schools. Their awareness of the academic and social programs that incoming students have participated in informs planning and allows for a smooth transition. Students who struggle with the transition are identified early through diagnostic assessments and teacher observations and given extra support through daily small group intervention.
- Teacher input on instructional program - Teachers collaborate with colleagues at their grade and content level to review weekly standards-based assessments that are used to measure student mastery of each standard. Teachers are responsible for analyzing the resulting student data and for adjusting their lesson and unit plans to better meet the needs of their students.
- Timely assistance of struggling students - The results of the standards-based assessments assist teachers in monitoring which students have not mastered which standards. The teacher and their manager will monitor student progress and identify students not yet proficient. Student Success Team meetings are held to address accommodations and modifications to support the students.
- Coordination of federal and state programs - The charter school continuously monitors performance and takes a holistic approach to meeting the needs of our students, which involves coordinating federal, state, and local services. The Charter school works with local organizations such as after-school partners and preschool programs. The Charter school ensures parents have opportunities to be involved in school planning. The Charter School will add services as needed as student needs change.

The parents of the Charter School’s students play an important role in developing school plans. All school plans are reviewed by the SSC and ELAC.

As of norm day 2018, student demographics fulfill the minimum that 40% of the students in the school, or residing in the attendance area served by the school, are from low-income families. Furthermore, each year the Charter School conducts a comprehensive data analysis of student achievement, including multiple measures of student performance. This evaluation of plan effectiveness is aligned to our LCAP development process to ensure plan alignment. Written and verbal input from the annual LCAP stakeholder engagement meeting influences the development and implementation of all school plans.

**Homeless Children and Youth Services**

**ESSA SECTION 1112(b)(6)**

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

**THIS ESSA PROVISION IS ADDRESSED BELOW:**
The Charter School recognizes the right of all students residing within the school’s boundaries, including those who are homeless, the opportunity to enroll in, and participate in the Charter School’s educational and support programs. The Charter School will adhere to the provisions of the McKinney-Vento Homeless Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. The Charter School will include specific information in outreach materials, websites, at community meetings, and regional center meetings notifying parents that the school is open to enroll and provide services to all students, which shall include a district standard contact number to access additional information regarding enrollment. A student’s IEP will never be required prior to participation in any attendance lottery or as a condition of enrollment.

Definitions

Homeless means students who lack a fixed, regular, and adequate nighttime residence and includes:

1. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason

2. Children who may be living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement

3. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings

4. Children and youth who are living in cars, public spaces, abandoned buildings, substandard housing, bus or trains, or similar settings

5. Migratory children who qualify as homeless because the children are living in conditions described above

School Homeless Liaison

The school leader will designate a member of the leadership team as the School Homeless Liaison (“Homeless Liaison”) for homeless students attending a school or program. The Homeless Liaison shall ensure that:

1. Homeless students are identified by school personnel and through coordinated activities with other entities and agencies

2. Homeless students enroll in, and have a full and equal opportunity to succeed in, its schools and programs

3. Homeless families and students receive educational services for which they are eligible

4. Parents/guardians are informed of the educational services and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children

5. Notice of the educational rights of homeless students is disseminated at places where children receive services, such as schools, shelters, and community centers.

6. Enrollment disputes are mediated in accordance with law, Board policy, and procedure

7. Parents/guardians are fully informed of all transportation services

Student Rights

Homeless students who are enrolled in the Charter School have the right to:

- Equal access to all educational programs and services, including transportation and school nutrition programs;
- Continue to attend the Charter School for the duration of homelessness or the current school year, whichever ends first;
- Attend the Charter School while homeless, unless there exists a legitimate reason for requiring attendance at another school; and
- Receive all educational services for which they are eligible
Student Transitions
ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

(A) coordination with institutions of higher education, employers, and other local partners; and
(B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Through student recruitment efforts, the school leader of the charter school communicates regularly with local schools where our students are coming from. Their awareness of the academic and social programs that the incoming students have participated in informs their leadership of the entering grade level curricular planning, and allows them, in conjunction with the teachers, to plan a smooth transition from the early childhood/elementary programs to the academic content-heavy the curriculum of the Charter’s instructional program. Students who struggle with the transition are identified early through diagnostic assessments, standards based assessments and teacher observations, and are then given extra support through daily participation in small group language arts and/or mathematics sessions with an intervention teacher.

KIPP Through College (KTC) supports the Charter school's students with their transitions to both high school and college. For students transitioning from middle to high school, KTC provides support with identifying and applying to quality high schools. KTC also helps students identify and apply for scholarship opportunities for high-performing private high schools. As previously discussed, the Charter School promotes a College Bound culture, inspiring a "to and through" mindset for all its students. While the Charter School does not serve 9th-12th grades, KTC college match advisors support the school's alumni throughout high school in their pursuit of higher education. KTC counselors continue to provide support to alumni in college with a focus on persistence, completion, and career readiness.

Additional Information Regarding Use of Funds Under this Part
ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

(A) assist schools in identifying and serving gifted and talented students; and
(B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

TITLE II, PART A

Professional Growth and Improvement
ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA’s systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

All professional development activities are focused on the students mastering the content standards. Professional activities are planned based on the assessments results as well as classroom observations. At the beginning of the year, professional developments time is dedicated to focusing in on the selected instructional programs.

Professional development activities are based on scientifically based research that has been effective in driving forward student achievement. As all instruction is data-driven, so is the professional development and are thus expected to improve student achievement.

All professional development is designed to support the student achievement of all students while cognizant of the specific needs of our subgroups. Data will be disaggregated by gender, ethnicity, English Learners, and socioeconomic status. Any identified gaps will alter professional activities.

Teachers and administration will be able to attend professional development activities that will enhance their growth as educators. Professional development is planned based on the needs of the school and the staff. Grade levels meet for at least an hour each week to share and support each other on top of the planned professional development on a specific topic. BTSA will be provided for those teachers in need of this support.

Prioritizing Funding
ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Charter School is a single school LEA.

Data and Ongoing Consultation to Support Continuous Improvement
ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Charter Schools regional support office (KIPP LA Schools) has a team - Talent Acquisition and Credentialing that monitors teacher level information and progress towards their individual goals. On going consultation is provided through individual meetings with the teacher and the school leader where they review individual development plans.
TITLE III, PART A

Title III Professional Development
ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Charter School is grounded in the belief that teachers are the key levers that boost student achievement; thus quality professional development is essential for KIPP students to excel academically. All professional development is designed to maximize student achievement, including that of our English Learners. The instructional team will focus on long term planning and supplementing the selected instructional materials to best support all of our students. The teachers will share out best practices that are successful with their English Learners, such as effective instructional methods and strategies. The administration will monitor and support the teachers to enhance the effectiveness of instruction. Professional development for teachers takes place on a weekly basis. The primary function of dedicated professional development time is to analyze data from interim and formative assessments. The interim assessment results are analyzed every 6-8 weeks, whereas the results of formative assessments are analyzed bi-weekly. Secondly, school-wide professional development is a chance for the school’s administration and teachers to use scientifically based research to address instructional trends in the classroom and ways the students can be more effectively served. Topics may include instructional strategies like improving check for understandings, incorporating resulting in a positive and lasting impact on student achievement in their classrooms.

Another integral component of professional development at the Charter School is the observation-debrief cycle (coaching cycle). The School Leader will formally observe teachers. Following the observation, the School Leader and teacher will discuss student learning based on student data and notes from the observation. Teachers will also be empowered to observe and provide feedback to their colleagues. These observations will allow the School Leader and teachers to notice instructional and cultural trends across the school. This one-on-one professional development will cultivate a profound desire in teachers to continue to improve their craft.

Enhanced Instructional Opportunities
ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Charter School does not receive Title III, Immigrant Funds

Title III Programs and Activities
ESSA SECTIONS 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:
It is a priority at The Charter School for all of our English Language Learners to advance each year in their language development and be redesignated. Based on their Home Language Survey, all students designated as potential English Learners will take the English Language Proficiency Assessment for California (ELPAC). The Charter School will purchase classroom materials that will support access to grade-level content for ELs in correlation with the California ELD standards. The Charter School will also support professional development for teachers, including training in SDAIE methods of instruction. The administration will monitor the effectiveness of instruction items of meeting the needs of our English Learners. Additionally, the parents of English Learners will receive specialized training in how to support the development of their child’s language proficiency at home at parent workshop nights.

**English Proficiency and Academic Achievement**  
ESSA SECTIONS 3116(b)(2)(A-B)

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

- (C) achieving English proficiency based on the State’s English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State’s long-term goals, as described in Section 1111(c)(4)(A)(ii); and  
- (D) meeting the challenging State academic standards.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

The selected instructional programs at The Charter School were chosen because of their basis on scientifically based research and effectiveness with English Learners. The school will use proven methodologies including increased time for reading and math and individualized instruction for students who are acquiring English. Examples of instructional models that may be employed with EL students at the Charter School are:

- Workshop models  
- Cooperative learning  
- Thematic teaching  
- Scaffolding instruction  
- Think/pair/share  
- Kinesthetic activities

Students’ language proficiency levels as determined by the ELPAC will be closely monitored to ensure our students are advancing to higher levels of English Language proficiency.

Student mastery of the grade level content standards will be measured through standards-based assessments, as well as the SBAC, the NWEA MAP assessment, and KIPP LA regional assessments. In addition, teachers will keep anecdotal records of their students’ progress. Assessment results will be disaggregated by English language proficiency levels for further analysis. Additionally, the academic progress of reclassified students will be monitored for two years after reclassification. ELs and RFEP students not making adequate ELD or academic progress will be provided with appropriate interventions. ELs at risk of retention will receive additional intervention services.
