Chairperson Greg Smith came to the table. He updated the Board on the plans for the October Forum and the two resolutions submitted to the Illinois Association of School Boards (IASB). O'Neill and Liz Hennessy came to the table. The DSEB borrowing options for the fall were discussed, and the timeline for issuing bonds was identified. Various options were considered.

WORLD LANGUAGE UPDATE

Dawn Deaton came to the table. Dr. Roberts explained that additional research was done and Rosetta Stone continues to be the technology choice.

WORLD LANGUAGE UPDATE (Continued)

Deaton updated the Board on the steps that have occurred since her last report. She noted that a team of District 97 staff met with a representative from Rosetta Stone to identify the districts needs, and a team met to determine the best way that the product could be used within the district. Interest was expressed in bringing the product to Ed Council.

Deaton noted that the iPad minis are ready to support this product. The current proposal is for 2,000 student users and 500 staff members. \$151,388 will be paid up-front with no other charges for the three year period. Deaton reported that the three year window would allow the district to analyze the program, and try activities designed for use with substitute teachers. It was noted that multiple languages (up to three per student) can be built in for specific students.

Deaton suggested that the adult learners are strong role models for the children, and that staff using the product will envision new ways to use the program. Additionally, Rosetta Stone tools will help with evaluating student growth.

Board comments included interest in the English Language Learners (ELL) population within the district.

This item will return to the Board for action on September 23, 2014. It was noted that, because the cost of the program exceed \$100,000, it should be accompanied by a cap-ex approval form.
