

Cooperation between school and home is essential for effective student behavior. Through working together, the probability for student success is increased. Please sign and return this Effective Student Behavior Agreement to your child's classroom teacher by October 7, 2011.

- We have read and we understand the policies outlined in District 97's Effective Student Behavior Handbook.
- We have discussed these guidelines and expectations with our child. We will regularly remind him/her of appropriate behavior.
