

Three big things my child should be able to do by the end of each grade level:

Grade Level	English Language Arts	Math
K	<ul style="list-style-type: none">• Break down spoken and written words into syllables and letters and identify the sounds each letter makes• Read new words, to understand simple books and stories; think and talk about what they have read• Write and share information in a variety of ways, including drawing, writing letters and words, listening to others, and speaking aloud	<ul style="list-style-type: none">• Know number names and the count sequence• Understand the concepts of addition and subtraction• Identify and work with 2D and 3D shapes
1	<ul style="list-style-type: none">• Decode letter patterns and read words in phrases, to develop reading with fluency and comprehension• Think, talk, and write about what they read in stories, articles, and other sources of information• Put together clear sentences on a range of topics using a growing vocabulary, in their writing	<ul style="list-style-type: none">• Understand place value, grouping numbers into tens and ones• Add and subtract within 20• Use charts, tables, and diagrams to solve problems
2	<ul style="list-style-type: none">• Think, talk, and write about what they read in a variety of texts, such as stories, books, articles, and other sources of information including the internet• Develop a topic in their writing, providing details and evidence to support their ideas, and strengthen their editing and revising skills• Participate in class discussions by listening and building on what others are saying	<ul style="list-style-type: none">• Understand place value up to 1,000• Solve word problems, including those involving length and other units of measure• Add and subtract within 20 and up through 100
3	<ul style="list-style-type: none">• Make connections and comparisons between two texts by the same author or on the same topic• Think, talk, and write about what they read in a variety of articles, books, and other texts• Pay more attention to organizing information, developing ideas, and supporting these ideas with facts, details, and reasons in their writing	<ul style="list-style-type: none">• Understand concepts behind multiplication and division• Solve word problems involving multiplying and dividing numbers up through 100• Develop understanding of fractions as numbers
