

Restorative Community Practices Conference at Oak Park Public Library
October 4-6, 2019

Three-day Restorative Community Practices: Building Stronger Families, Schools, and Communities conference at the Main Library this October 4-6.

Expanding on last fall's restorative justice conference, this year's conference takes a wider look at how restorative practices can be applied within families, schools, and communities. Also new this year: members of the community who have a passion for, and experience in, restorative justice principles have been developing the conference throughout the year alongside library staff.

Attendees can choose to register for one, two, or all three days of this year's conference.
