(Complete recording is available online)

I am Katie Noonan, I’m the teacher librarian at Irving Elementary and I am here on behalf of the entire teacher librarian team for the District. We want to thank you for including the American Library Association’s library Bill of Rights to the policy language of the board. Intellectual freedom and the freedom to read is paramount to us and we teach District 97 students about their rights and the harms of censorship.

Every year since Illinois changed and banned books, Oak Park’s new book sanctuary ordinance has enhanced our ability to keep books and information safe in our community. Students have the right to read and learn about anti-racism, LGBTQ+, and diversity. Thank you for helping us do our job and uphold our professional responsibilities to our colleagues, students and the community.

Sincerely
Oak Park District 97 Teacher Librarians.

We are seeking authorization to enter into an agreement with a local design firm, Greater Good Studio, to co-create a plan for our Oak Park District 97 Portrait of an Oak Park Graduate engagement as outlined in their proposal. Benefiting from the organization’s human-centered design approach, we look forward to their partnership in achieving our vision of an inclusive Portrait design process. 7.2.2.2 Authorization for Agreement | Community Mental Health Board of Oak Park Township

Background:
The Community Mental Health Board of Oak Park Township is responsible for planning, developing, coordinating, evaluating, and funding mental health, substance abuse, and developmental disability services in Oak Park Township. In its FY20 Strategic Plan, CMHB identified six priority areas, including addressing the underutilization of existing behavioral health services and addressing the gaps in those areas. In February 2018, CMHB in partnership with District 97 issued a special request for proposals to
provide services that address the mental health needs of 6th through 8th-grade students and their families in District 97. The goal of this pilot project was to develop a program model that meets the unique needs of sixth through eighth-grade students who have complex behavioral health and social needs and who require care coordination linking them and their families to appropriate levels of treatment and services.

Through that competitive process, CMHB awarded seed funding to DePaul University in 2019 for $62,830 for the Mindfulness Matters Program (MMP). CMHB continued funding in 2020 for $70,000. Funding for the project jumped in 2021 ($228,334) and 2022 ($292,533) to pay for the addition of a care coordinator as well as for the expansion from the middle schools to two elementary schools. CMHB is requesting a cost-sharing of the Mindfulness Matters Program (MMP) for the 2023-2024 school year of $56,250.00

Financial Impact
For the 2023-2024 school year, the cost for the district’s portion of the Mindfulness Matters program is $56,250. The ESSER III grant is projected to be the funding source.

Revised Motion:
Spurlock moved, seconded by Ross Dribin that the Board of Education of Oak Park Elementary School Distric 97 moves to approve the administration’s request to enter into an agreement with Community Health Board of Oak Park Township for a cost not to exceed $56,250.

8.1 OPTA Memoranda of Agreement “MOA” (action 11.14.23) *

Wrestling:
On November 16, 2021 a proposal for the establishment of a cooperative middle school wrestling team was presented to the Board of Education. On January 25, 2022, a detailed funding plan was shared with the board. Said funding proposal was approved during the February 8, 2022 Board meeting for the 2022-2023 school year. In May of 2023, the Oak Park Teachers’ Association (OPTA) presented a Memorandum of Agreement that aligns the wrestling team provisions with the collective bargaining agreement. This alignment provides for two coaching stipends for the position of Middle School Wrestling Coach - one for Brooks Middle School and one for Julian Middle School - for two teams per Article XVI, H Supplemental Pay, 1. Sports of the Collective Bargaining Agreement between the Board of Education and the Oak Park Teachers’ Association.

The administration has reviewed the Memorandum of Agreement and collaborated with OPTA on the final version of the document.
Robotics:
The robotics program has a robust history and District 97 has a vested interest in its support of the Robotics program. In May of 2023, district administration and the Oak Park Teachers’ Association (OPTA) agreed on the establishment of the position of Middle School Robotics Coordinator. This position will be added to Article XVI, H Supplemental Pay, 1. Sports of the Collective Bargaining Agreement between the Board of Education and the Oak Park Teachers’ Association. OPTA drafted the Memorandum of Agreement based on a collaborative discussion. District administration has reviewed the Memorandum of Agreement and has provided the final version of the document.

The administration is requesting that the Board of Education approve this Memorandum of Agreement at its November 14th board meeting.

8.2 Press Plus Issue 111 and 112 Policy Update | First Read (action 11.14.23) *

Chief Legal and Equity Officer, Luis Rodriguez presented the recommended and suggested changes to Press Plus Issues 111 and 112. The policy revision steps were reviewed before details of changes were discussed.

There were 27 updates with two subcategories:
1. Minor edits to language or legal citations, 21 total;
2. Substantive changes, with additional details discussed during the presentation, 6 total;

We anticipate a large number of recommended edits in the next Policy Issue (113). Any new mandates the district administration is required to adhere to will be acted on in our schools/buildings upon the effective date of those requirements while proposed language works its way into the policy via the review process. The board is expected to take action on tonight’s recommendations at the November 14, 2023 Board meeting.

8.3 Washington DC Field Trip *

Dr. Lofton lead a presentation titled, Field Trip Participation: A policy Discussion. Details of Board Policy 6:240 Field Trips were shared, along with Board Policy 4:140 Waiver of Student Fees. This was discussed as Dr. Lofton and Dr. Shah grounded the conversation around Policy 7:12 Ensuring Racial and Educational Equity.

As of September, 540 eighth-grade families expressed interest in attending the SY24 Washington D.C. 8th Grade field trip out of state. Of the total, 121 families expressed interest in financial assistance. This number includes 62-families that qualify for either free or reduced lunch and school fees.

Discussion:
How can the district act on obligations inherent in Policies 6:240, 4:140 and 7:12 to provide a reliable and sustainable funding path to enable students who receive free (and reduced) lunch access to field trips?
Recommendations:

**Option A:**

Reallocate district funds for SY24 to meet the waiver of student fees requirement and leverage sustainable and reliable federal grant funding for in-state trips from SY25 forward. All students who receive free (and reduced) lunch can attend.

**Option B:**

Do not reallocate district funds. Move forward with the trip and depend solely on outside funding efforts. Some students who receive free (and reduced) lunch maybe able to attend

**Option C?**

**Next Steps:**
The district will look further into option A for SY24. Noting this is not a sustainable option, but realizing the field trip has already received board approval for the current school year.
