Policy Statement
College students and employees across the country are not isolated from the criminal behavior that threatens American society and cannot ignore the fact that they potentially are victims of the same crimes as the general public. Donnelly College is mindful of the personal safety and security issues that can affect our community. The College understands and responds to this legitimate concern of students and their parents as well as other members of the College community.

The College is likewise aware that each student and employee shares a degree of personal responsibility in providing for their own safety and security. The College make available information and programs to assist students and employees in making their own personal safety and security decisions.

Donnelly College Security Staff
Security staffing at Donnelly College is implemented through the Maintenance/Facilities Department (hereby referenced as DC Security) and is led by the Security and Maintenance Manager and the VP of Business Affairs. It is the goal of DC Security to provide a reasonably safe and secure environment where academic inquiry may live in harmony with social interaction and personal growth. The DC Security employees are proactive in their approach to this challenge.

DC Security staff receive assistance from the Kansas City Kansas Police Department for serious incident response and in protecting the members of the DC community from criminal activity.

Donnelly College Campus Law Enforcement Authority
DC Security employees have the authority to ask a person for identification and to determine whether individuals have lawful business at Donnelly College. DC Security employees have the authority to issue parking tickets, which are billed to financial accounts of students and employees. DC Security employees do not possess arrest power. Criminal incidents are referred to the local police who have jurisdiction on the campus. DC Security maintains a highly professional working relationship with local law enforcement agencies including Kansas City Kansas Police Department and Wyandotte County Sheriff’s Department. There is no written memorandum of understanding between Donnelly College and these agencies.

Emergency Reporting Procedures
Students and employees are instructed during orientation, web site directives, crime prevention emails, and safety programs to call DC Security at (913) 433-3350 during normal business hours and (913) 544-8025 in all medical, fire, serious criminal, and other emergencies.

Crime Reporting
Students and employees are encouraged to report all non-emergency criminal incidents to DC Security at (913) 433-3350 during normal business hours as promptly as possible. An incident form found at www.donnelly.edu /Current Students/Campus Information must also be filled out and filed with the VP of Business Affairs.
Employees or students wishing to make a report of a criminal incident, whether they are a victim, witness, or third party may do so to the following offices or individuals:

- Submitting an Incident Report to the VP of Business Affairs. Incident reports are found on the DC website under Current Students, in the Campus Information Section.
- Phoning DC Security at (913) 433-3350 during normal business hours, or in an after hours emergency at (913) 544-8025.
- Phoning the Title IX Coordinator at (913) 621-8765.
- The local police at 911 for emergencies or (913) 596-3000 for non-emergencies.

Although information contained in the Annual Security Report includes information from on campus and off campus resources, the official reporting entity for criminal offenses that occur at Donnelly College is the VP of Business Affairs/Title IX Coordinator. Reporting incidents to the DC Safety team and the VP of Business Affairs/Title IX Coordinator will aid in providing timely warning notices to the community, when appropriate, and will ensure inclusion of that reported incident in the annual disclosure of crime statistics for the institution.

Confidential and/or Sensitive Reporting
It is the policy of the Title IX Coordinator and DC Security to provide prompt, sensitive, and confidential service to all members of the campus community who may require their assistance. Because of the nature of their duties, staff members treat all crimes reported to them as official matters and investigate them accordingly. Anyone desiring to discuss such matters in a less official, non-investigative setting with a DC official with counseling duties may contact the Counseling Center at (913) 621-8781 or Campus Ministry at (913) 621-8727.

Incidents of a bias-related nature based on an individual’s cultural background, including race, gender, religion, sexual orientation, ethnicity/national origin, and disability can also be discussed with the Title IX Coordinator at (913) 621-8765.

If the victim of a crime does not want to pursue action within the DC student conduct system or the criminal justice system, the victim may still want to make an anonymous report. The purpose of an anonymous report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of the DC community. With this information, DC can keep an accurate record of the number of incidents involving students, determine if there is a method or assailant, and alert the College community to potentially hazardous conditions. Reports filed in this manner are counted and disclosed in the Annual Security Report crime statistics for the institution. Information on a crime that occurred on or off campus involving a member of the DC community can be submitted anonymously on-line to the Department of Public Safety. Individuals wishing to make such a report should fill out the incident report anonymously and provide it in a sealed envelope to the Title IX Coordinator.

Pastoral counselors and professional counselors are encouraged; if and when they deem it appropriate, to inform the persons they are counseling of any procedure to report crimes on a voluntary, confidential basis for inclusion in the Annual Security Report disclosure of crime statistics.
**All-Hazards Emergency Response**

The Emergency Response Plan for the College is updated regularly. The Emergency Management Team is an arm of the College created through the All-Hazards Emergency Response Plan to coordinate the College’s response to incidents that pose a threat to or otherwise adversely affect the College community or the operation of the College itself.

**Annual Security Report**

As directed by the President of Donnelly College, the VP of Business Affairs is responsible for compiling the statistical information and policy disclosures for the *Annual Security Report* in response to the Clery Act.

Data for the report will be collected from the Vice President of Enrollment Management and Student Affairs (VP-EMSA), DC Security, local law enforcement, judicial affairs, and other individuals considered to have authority over students, their events, and/or their activities.

Crimes are classified by the description provided in the Clery Act (see Appendix A). The VP of Business Affairs will review all crime reports to substantiate their authenticity. All reports of a criminal nature, including anonymous reports, are investigated. An incident report form is generated to document all reports of criminal allegations or conduct.

All reports alleging misconduct by a Donnelly College student are forwarded to the Title IX Coordinator for review and potential judicial action. If the misconduct does not fall within TITLE IX boundaries, the report will be forwarded to the VP-EMSA for review. If on-campus assistance is required from the KCKPD or other emergency responders, the Title IX Coordinator will contact the appropriate entity. Annual Security Statistics for 2013 are detailed in Exhibit 1 of this report.

The *Annual Security Report* also includes a description of policies and procedures relating to student and staff safety in areas of crime prevention, alcohol and drug abuse, and sexual assault.

Each year, in early fall, the VP of Business Affairs submits the crime statistics from the *Annual Security Report* to the United States Secretary of Education. These statistics are submitted on-line according to the directives of the United States Department of Education.

The report will be available on the Donnelly College website on or before October 1. Notification of the report and its availability is given to every student, employee, and prospective student or employee.

**Records Retention**

The VP of Business Affairs will maintain a records retention schedule for Clery Act documentation for at least seven calendar years.
Building Access
All College buildings are the private property of Donnelly College and are advertised in publications and posted as such with trespass warnings. These buildings, including administrative, academic, and residential facilities are open for business at designated times.

The College grants access to its buildings based on need. Students have twenty-four (24) hour access to their residence hall. Students have access to other campus buildings during normal business hours. Students are often granted special permission to utilize specific areas after hours for special projects. In these instances the students are granted entrance to the area by a member of the DC Maintenance/Facilities staff. Students have after-hours access to computer labs, science labs, art rooms & galleries, etc. Visitors may have access to residence halls when they are invited guests of building residents. Students are required to register their guests with their Resident Assistant. Students are responsible for the behavior of their guests and are required to accompany their guest at all times while they are on campus.

The exterior doors to the residence halls are secured twenty-four (24) hours a day. Resident Assistants conduct safety and security patrols through the halls until midnight on weekdays and 2:00 am on weekends. DC Security will patrol the halls anytime a potential problem exists in any of the halls.

Residents are responsible for ensuring that their windows and room doors are secured. All residents are issued keys or key codes to their residence hall and individual room. The core to a resident's door is changed when a lost key is replaced. Work orders for safety problems are submitted to the Physical Plant for repair.

DC Security staff, DC Maintenance/Facilities staff, and Resident Assistants receive training on checking for and reporting fire and safety hazards and malfunctioning security devices. Work orders are submitted to the Physical Plant and are monitored for repair.

Security cameras are in place in various locations throughout the campus.

Security Considerations Used in the Maintenance of Campus Facilities
Facilities and landscaping are maintained in a manner that minimizes unsafe conditions. The DC Security personnel regularly patrol the campus. Malfunctioning lights and other unsafe physical conditions are reported to the Physical Plant for correction. Resident Assistants (RA’s) and other members of the DC community are helpful when they report equipment problems to the Physical Plant Department.

Security Awareness Programs
Donnelly College takes a proactive approach to crime awareness and prevention. Students, faculty, and staff are reminded to take responsibility for their own safety by being aware of their surroundings, locking the doors to their cars and residences, and reporting unusual events to the DC Security and/or the VP of Business Affairs. It is the responsibility of the VP of Business Affairs, DC Security, and the VP-EMSA to collaboratively present security awareness and crime prevention programs to the campus community on an ongoing basis.
Resident Assistants (RA) receive training/retraining at the beginning of each term in regards to fire safety, personal safety, and emergency preparedness. The RA’s meet with Residents during the first week of each semester to provide training/information on these items as well.

Information regarding awareness programs is also disseminated to students and employees through handouts, website postings, and bulletin boards on an ongoing basis. A partial list of programs available to all employees and students is found in Exhibit B. E-mails regarding crime prevention and safety issues are sent to the entire College community providing information to help community members protect themselves on and off campus.

When time is of the essence, information is released to the College community through computer memos sent over the College’s email system, through text messaging (for those who have voluntarily opted in), and in extreme emergency, intercom broadcast messages.

**Crime Prevention Programs**

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Student Affairs personnel facilitate programs for student and parent orientation, student organizations, and student groups through Orientation, Power Hour presentations and bulletin board notifications. In addition to and/or conjunction with these items Student Affairs, the Office of Health and Counseling Services, and the Title IX Coordinator provide crime prevention, fire safety, personal safety, and wellness programs throughout the school year. (See Appendix B)

In addition, the College has prepared intensive and detailed student training relating to Sexual Violence entitled “Speak Up: Understanding & Preventing Sexual Violence Student Version” that all Donnelly College Students will be required to complete. The training was implemented on 9/30/14; students enrolled as of October 1, 2014 will be required to complete the training by November 1, 2014 or enrollment in Spring 2015 classes will be in jeopardy. All new students (those not enrolled at 10/1/14) will be required to complete the training by March 31, 2015. This training will be required in all future semesters (including Summer sessions) and will be required as part of orientation so that all students receive this training. In addition, we are in the process of developing tie in training between Sexual Violence and Suicide Prevention that will also be required by the same deadlines. The College has also prepared intensive and detailed training relating to Sexual Violence entitled Speak Up: Understanding & Preventing Sexual Violence Employee Version that all Donnelly College Employees will be required to complete by December 15, 2014. This training was implemented on September 30, 2014. All new employees hired after October 1, 2014 will be required to take this training as part of the new hire orientation process. As of October 1, 2014, Donnelly College did not meet all the requirements of the training features by the October 1, 2014 date, but the College will be in total compliance within a short period of time.

The College is currently implementing workshops for all students and employees on various crime prevention training, including Bystander Intervention, self-defense, No Means No, and Drug/Alcohol Awareness. These workshops will be offered in various Power Hours throughout the academic year.
Resident Assistants hold regular meetings with their residents to reach students in small groups in hall meetings and programs.

During the fall and spring semester new student orientation, the VP of Business Affairs and the VP of Enrollment Management and Student Affairs will either meet with or email all first-year and transfer students to provide information on fire safety, personal safety, crime prevention, and crime reporting.

The Human Resources Department meets with every new employee during their orientation to inform them of safety/security issues, College policies, the Annual Security Report, and how to report crime or suspicious behavior.

Fire extinguishers are checked monthly and maintained according to an established schedule. Fire drills in residence halls are conducted two times each academic year. Fire drills in other College buildings are conducted annually.

**Safety Escort Policy**
DC Security provides vehicle and/or walking escort service during hours of darkness and at other times based on circumstances. Students and staff are encouraged to utilize this service any time they feel uncomfortable while walking on campus.

Students and staff are instructed to call DC Security at (913) 433-3350 to request the escort service. Instructions are provided at that time for meeting the escort.

**The Individual’s Responsibility**
Although Donnelly College strives to ensure the safety of all individuals within its community, students and employees must take responsibility for their personal belongings and their own personal safety. Common sense precautions are the most effective means of maintaining personal safety.

Students and employees are provided information regarding campus safety and security policies, procedures and practices, and also about their personal safety responsibility for themselves and others at programs, orientation, and with posters and handouts.

Students are strongly encouraged to keep their residence hall room door secured when they are away or asleep, not to prop hall doors, and use escort services. Students and employees are encouraged to call DC Security if they witness any suspicious activity on campus.

**Sexual Misconduct - Title IX Policy**
Donnelly College is an independent, co-educational college. Founded in 1949, affiliated with the Catholic Church and Benedictine Sisters of Atchison in Kansas and sponsored by the Archdiocese of Kansas City in Kansas. Donnelly has remained in the heart of Kansas City, Kansas since its founding.

Donnelly College is a Catholic institution of higher education that seeks to continue the mission of Jesus Christ in our own time by making the love of God tangible in our world.
Specifically, the mission of Donnelly College is to provide education and community services with personal concern for the needs and abilities of each student especially those who might not otherwise be served. In Compliance with Title IX of the Education Amendments of 1972 and other applicable laws, Donnelly College does not discriminate on the basis of gender or sexual orientation in its education programs and activities. In addition Donnelly College prohibits sex discrimination, sexual harassment, sexual assault, domestic violence, dating violence, stalking, and any other type of sexual misconduct.

**Donnelly College’s Sexual Misconduct / Title IX Policy**
Donnelly College will not tolerate any acts of sexual misconduct committed by or against any member of our community which includes students, staff, faculty, approved volunteers, visitors, and vendors. Sexual misconduct includes:

**Sex Offenses**
Sex Offenses are defined as any sexual act directed against another person without the consent of the victim, including instances where the victim is incapable of giving consent. The term “sexual assault” means an offense that meets the following definitions of rape, fondling, incest, or statutory rape.

- **Rape** is the penetration, no matter how slight, of the vagina, anus, or orally with any body part or by a sex organ of another person, without the consent of the victim.
- **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification without the consent of the victim, including instances where the victim is incapable of giving consent because of his or her age or because of his or her temporary or permanent mental incapacity.
- **Incest** is non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** is non-forcible sexual intercourse with a person who is under the statutory age of consent. Kansas law defines the age of consent as 16 years of age.
- **Dating Violence**
  Dating Violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
- **Domestic Violence**
  Domestic violence means an act or threatened act of violence against a person with whom the offender is involved or has been involved in a dating relationship, or an act or threatened act of violence against a family or household member by a family or household member (including roommates). Domestic violence also includes any other crime committed against a person or against property, or any municipal ordinance violation against a person or against property, when directed against a person with whom the offender is involved or has been involved in a dating relationship or when directed against a family or household member by a family or household member. For the purposes of this definition:
  - Dating relationship means a social relationship of a romantic nature. In addition to any other factors the court deems relevant, the trier of fact may consider the following when making a determination of whether a relationship exists or existed: Nature of the relationship, length of time the
relationship existed, frequency of interaction between the parties and time since termination of the relationship, if applicable.

- Family or household member means persons 18 years of age or older who are spouses, former spouses, parents or stepparents, children or stepchildren, persons who are presently residing together or have resided together in the past, and persons who have a child in common regardless of whether they have been married or have lived together at any time. Family or household member also includes a man and woman if the woman is pregnant and the man is alleged to be the father, regardless of whether they have been married or have lived together at any time.

**Stalking**
Stalking means an intentional harassment of another person that places the other person in reasonable fear for that person's safety.

Harassment means a knowing and intentional course of conduct directed at a specific person that seriously alarms, annoys, torments or terrorizes the person, and that serves no legitimate purpose.

- Course of conduct means conduct consisting of two or more separate acts over a period of time, however short, evidencing a continuity of purpose which would cause a reasonable person to suffer substantial emotional distress. Constitutionally protected activity is not included within the meaning of "course of conduct."

**Sexual Exploitation**
Sexual Exploitation occurs when a person takes nonconsensual sexual advantage of another for her/his own benefit or the benefit of others. Sexual Exploitation includes but is not limited to recording or broadcasting (audio, visual, or pictorial) of sexual activity, voyeurism, or prostitution.

**Other Policy Provisions**

**Retaliation**
Retaliation or intimidation against anyone involved in a potential sexual misconduct situation will not be tolerated by the Donnelly College. This includes the potential victim, potential respondent, or anyone participating in the reporting or investigation.

**Consent**
For the purposes of this policy, consent means words or actions that indicate a willingness to participate in a mutually agreed upon sexual act. Consent is informed, freely and actively given, and cannot be obtained through coercion, intimidation, physical force
or if either party is incapacitated. Silence or lack of active resistance should never be interpreted as consent. Consent cannot be inferred from previous sexual activity or intimate relationships.

- **Note:** Use of alcohol and/or drugs is not an excuse for violation of the Title IX Sexual Misconduct policy. A person who is intoxicated may have his or her judgment seriously impaired and thus might not be able to give informed consent to sexual activity. In addition, a person who is has consumed alcoholic beverages to the degree that he or she is intoxicated or under the influence of drugs may not be capable of discerning and confirming consent to sexual activity. It also should be reemphasized that silence, previous sexual activity or intimate relationships, and/or the current relationship status between the parties should not be taken as an indication of consent.

**Victim Assistance**

When there is reasonable cause to believe that federal or state laws prohibiting sexual misconduct have been violated, the College will assist and fully support individuals who wish to pursue filing a criminal report through the local police and/or civil action through the legal system. The College will also support individuals who wish to pursue disciplinary action against the employee, student, or third party accused of sexual misconduct through the College sexual harassment policy or student conduct process. Procedures have been developed to provide medical, emotional, and judicial assistance to victims of sexual misconduct. Because the right to privacy is a particularly sensitive issue in dealing with incidents of a sexual nature, these procedures have been designed specifically to maintain the highest level of confidentiality possible. The College strongly believes that it is important whenever possible for victims to be active in the decision-making process and thus recover a sense of control in their lives.

**Reporting Procedure**

A student who is the victim of sexual misconduct is encouraged to seek assistance as soon as possible after the incident. Community members who become aware of sexual misconduct (regardless of their involvement) are likewise encouraged to report the information in order for the College to assist potential victims and protect the community. The following individuals are required to report information regarding alleged sexual misconduct involving students (as victim or accused) to the Title IX Coordinator in order to ensure victims receive support and understand their rights:

- College administrators
- College athletic personnel including coaches, assistant coaches and trainers
- Campus ministry staff except for the College Chaplain or priests acting in a role as a pastoral counselor
- College faculty
- Public safety officers and administrators
- Residence life staff including resident assistants and professional staff members
- College staff

The following individuals, if requested by the victim, may maintain confidentiality and are thus not required to submit an identifiable report to the Title IX Coordinator:
• College Counselors
• The College Chaplain or priests acting in a role as a pastoral counselor

A victim can also contact the Metropolitan Organization to Counter Sexual Assault, a rape and sexual assault crisis center, directly by calling (816) 531-0233. MOCSA can provide counseling, emotional support and information regarding legal options. In addition, the University of Kansas Medical Center provides S.A.N.E. services (Sexual Assault Nursing Examiner) to aid in the process of rape examination and evidence collection.

Evidence Protection
A victim of sexual assault should:
• Try to preserve all physical evidence.
• Do not wash, use the toilet, bathe, shower, or change clothing if it can be avoided. If clothes are changed, place all clothing worn at the time of the assault or immediately following the assault in a paper (not plastic) bag. Victims should also preserve bedding (sheets, pillows, blankets, etc.) whenever possible.
• Get medical attention as soon as possible to make sure there are not any physical injuries or other health related issues and to collect important evidence that will assist with a prosecution.

Investigation
When the Title IX Coordinator receives a report from a victim, community member, or College employee, the Title IX Coordinator (or designee) will initiate an investigation. This investigation may include, but is not limited to: meeting with the victim, meeting with the accused respondent, and meeting with anyone who may have information regarding the alleged incident.

The College’s investigation will be handled separately from any other investigation (including criminal or civil) and every attempt will be made to have the College’s investigation completed in a timely manner independent of any other investigation.

Victims have the option to share as much or as little information as they are comfortable disclosing, and the College will maintain the strictest privacy possible. Information will only be disclosed to those responsible for the investigation and/or resolution of the situation when absolutely necessary.

While a victim can decide whether or not he or she wishes to pursue disciplinary action against the accused individual through the College’s sexual harassment policy or the student conduct process, as applicable, the College reserves the right, at its sole discretion, to pursue an investigation and disciplinary process in order to protect the College community.

Student Conduct Process
Once an investigation has concluded, the Title IX Coordinator will provide a report of the investigation to the Vice President of Academic Affairs. If there is reason to believe that a student has violated the sexual misconduct policy, the Vice President of Academic Affairs will initiate the Student Conduct Process. The “preponderance of the evidence” (meaning
“more likely than not”) standard will be applied in the Student Conduct Process. Sanctions for violating this policy including but not limited to:

- A “no contact order” may be issued preventing all attempts at contact between the violator and the victim.
- Change in class schedule.
- Change in living arrangements if living in campus housing.
- Mandatory training/counseling.
- Suspension from all academic programs.
- Expulsion from all academic programs. Academic Transcripts will be noted as a student withdrawal.
- Ban from College campus.

The sanctions listed above will be weighed and applied depending on the implied severity of the violation based upon the results of the investigation.

The Vice President of Academic Affairs will then refer the sanction recommendations to the College President. The College President will present the sanctions to the violator.

The victim will be notified of the outcome of the Student Conduct Process by the Title IX Coordinator simultaneously with Violator being informed of the same outcome.

**Rights of the Victim**

Any student who is a victim of sexual misconduct shall have the following rights:

- The right to decide whether he/she wants to initiate College disciplinary action against the accused and/or file charges with the Kansas City Kansas Police Department.
- The right to file for a Protection from Abuse or Protection from Stalking order with the Wyandotte County Civil Clerk’s Office prohibiting the accused or friends of the accused from contacting the victim.

- The right to request modified living arrangements (if living in campus housing) pending the outcome of the College conduct process.
- The right, where possible, to have classes reassigned so as to not share classes with the accused.
- The right to make up academic work the victim has missed because of time lost due to the assault, investigation, and the College conduct process.
- The right to request that the College proceedings be conducted so that the accused and the victim are never in the same room together.
- The right not to have his/her sexual history discussed during the College conduct process.
- The right to make a victim impact statement.
- The right to be notified of the outcome of the College conduct process.

**Rights of the Accused**

- The right to an explanation of the student conduct process.
- The right to be presumed not responsible.
- The right to a fair and impartial conduct process.
- The right to have an advisor accompany him/her during a College conduct conference. All participants will be bound by rules of confidentiality. The advisor cannot address the hearing or give evidence or facts.

The “Campus Sex Crimes Prevention Act” (section 1601 of Public Law 106-386) is a federal law enacted on October 28, 2000. It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher learning to advise the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained.

The Kansas Bureau of Investigation, Sex Offender Registry is available at http://www.accesskansas.org/kbi/ro.shtml.

Statement of College Policy on Alcohol and Other Drugs
The College works with students and employees to access support services when their use of alcohol or other drugs is cause for concern. Support services include alcohol and drug abuse prevention education programs, intervention, and therapeutic methods, all with the goal of reducing the harmful influence of alcohol and other drugs.

The College especially encourages its students to develop responsible attitudes and behaviors as they prepare to enter a world in which alcohol is used. The use of alcohol by students raises important issues regarding personal responsibility and accountability.

Students who are twenty-one (21) years of age or older who choose to consume alcoholic beverages should do so responsibly. They should consider the health and behavioral consequences to themselves and the impact upon others and the community at large. They should also make this choice with knowledge of College regulations and the laws of the State of Kansas.

Students and employees are advised that the College will impose disciplinary sanctions (consistent with local, state and federal law) up to and including expulsion or termination and referral for prosecution for violation of the alcohol policy.

Because only a minority of Donnelly College students are of legal drinking age, and to minimize the prohibited use and abuse of alcohol, the College has established regulations limiting the use of alcohol and reducing the likelihood of illegal procurement.

Students and employees are subject to all applicable local, State, and Federal laws regarding alcohol and other drugs, and are not exempt from enforcement of these laws by virtue of their status as students or employees or their presence on College property.

Concerned individuals should consult State or Federal prosecutors or their own attorneys for legal advice or clarification of legal matters. The College does not provide sanctuary from the law, nor are students or employees immune from legal investigation or arrest from civil authorities.

Donnelly College will not protect students, faculty, or staff from prosecution under Federal, State, or local laws. Persons suspected of using illegal drugs or voluntarily being in the presence of their use are also subject to disciplinary action by the College.
It is prohibited to possess, use, sell, manufacture, dispense, or distribute drugs or controlled substances on College property or as a part of any activity sponsored by the College.

*Controlled Substances* means any chemical substance and/or drug controlled under the laws of the State of Kansas or the United States of America. *Drugs* means any potentially mind or ability altering chemical of any kind, including, but not limited to: depressants, stimulants, cocaine, narcotics, designer drugs, counterfeit or synthetic drugs, inhalants, methadone, marijuana and any other cannabin, hallucinogens or controlled substances, and prescription medication without a valid prescription.

**Alcohol and Drug Policies**
Donnelly College is committed to promoting the health and safety of its campus community through a program of alcohol education and the implementation of relevant policies. The College enforces compliance with local and state alcoholic beverage laws on campus and at College sponsored activities. The College affirms its adherence to the following principles:

- The misuse and/or abuse of alcoholic beverages and related behavior, such as disorderly conduct, illness due to excessive consumption of alcohol, and destruction of property, pose a danger to individual members of the College community and to the community at large.
- The promotion of alcoholic beverage consumption as the primary focus of on and off campus activities is inappropriate because it invites members of the College community to violate College regulations and State of Kansas law.
- Consumption of alcoholic beverages should only be by persons of legal age and by personal choice.
- Those who do choose to legally consume alcoholic beverages should do so responsibly and in moderation.
- Consumption of alcoholic beverages should not be the main focus of an event or the only means of refreshment at an event.
- The responsibility for proper consumption of alcoholic beverages and for compliance with laws of the State of Kansas rests with each individual member of the Donnelly community.
- The College will contact, by phone and/or letter, parents of underage students who violate the alcohol policy and parents of any students who violate the drug policy.

In addition, Donnelly College is in compliance with the federal Drug-Free Schools and Communities Act of 1989.

The College does not condone violations of those laws proscribing possession, use, or sale of alcoholic beverages and possession, use, sale, manufacture, or distribution of illegal drugs. Members of the Donnelly community should know that administrative action, which may include eviction from the residence halls, revocation of other privileges, or suspension or expulsion from the College, may be taken in order to protect the interests of the College and the rights and safety of others.
Abuse of alcohol and drugs can have a dramatic impact on professional, academic, and family life. The College, therefore, encourages members of the community who may be experiencing difficulty with drugs or alcohol to contact the following resource available on campus and in the community:

- The Donnelly College Counseling Center (913) 621-8781
- Alcoholics Anonymous (816) 471-7229
- Heartland Regional Alcohol & Drug Assessment Center (913) 789-0951
- Narcotics Anonymous (800) 561-2250
- Substance Abuse Center of Eastern KS (913) 362-0045
- Wyandot Mental Health (913) 328-4600

**Daily Crime Logs**

DC Security keeps and maintains a daily crime log. The logs are compiled and kept in the VP of Business Affairs office. The log is written in a form that can be easily understood, recording all crimes reported to the department, including:

- The nature, date, and general location of each crime.
- The disposition of the complaint if known.

**Fire Safety**

Fire safety education programs for all students living in student housing are held at the beginning of each semester. These programs are designed to: familiarize students/employees with the first safety systems in place, train on the procedures to be followed in the event of a fire, and distribute information on the College’s safety policies. Maps are given out that illustrate evacuation routes and fire alarm equipment locations. Residents are also told that participation in fire drills is mandatory.

Employees are provided information on emergency/evacuation plans through new hire orientation.

In the event of a fire, students and employees are instructed to leave the area per the evacuation routes and get to the predetermined location before calling 911 for help. They are to remain in that location until DC Security or someone from Student Affairs verify that the student has left the building and is safe. RA’s are instructed to pull the fire alarm as they are leaving the building if they can do so without risking their safety.

The College’s fire safety systems consist of electronic and mechanical alarms and detectors in student residences that are monitored continuously by Sentry Alarms. The College maintains fire safety systems in all on-campus student residences using smoke detectors, manual pull stations, audible alarms and visible alarms monitored by Sentry Alarms twenty-four (24) hours a day/seven (7) days a week.

**During 2013 the College experienced no fires causing property damage, personal injury, or death.**

The College’s residence hall fire safety regulations are incorporated into the Residence
Hall Contract and include:

Violations of Fire and Safety Regulations
This rule prohibits, but is not limited to, the following:

- Failure to comply with evacuation procedures.
- Tampering with a fire protection apparatus.
- Possession, use, or threatened use of fireworks, bombs, or explosive devices of any character.
- Use of open flame devices or combustible materials, including chemicals, which endangers the safety or wellbeing of the College community.
- Unauthorized use of, tampering with, or misuse of electrical equipment, fire exit doors, or giving false alarms or false reports of fire or emergency.
- Smoking any legal or illegal substance within the residence hall facilities.

Donnelly College Regulations Regarding Cooking and Appliances

- Cooking other than by the provided microwave is prohibited in any Resident room.
- All rooms are provided with a microwave and dorm size refrigerator. Additional microwaves and refrigerators are prohibited.
- Any appliance that by way of intense heat or open flame may pose a fire threat is prohibited.
- The following appliances and items are not permitted in any community: gas or charcoal barbecue grills (other than College owned) and briquettes, immersion heaters, heat or sun lamps, electric blankets and heaters, space heaters, and any appliance with an exposed heating element (rice cookers, griddles, “George Foreman” grills, and hot plates).

Fire drills are conducted in each on-campus student residence hall at least two times each academic year. Unacceptable response to a fire drill may result in additional fire drills until acceptable response is achieved.

Fires in any College building shall be immediately reported to DC Security.

Timely Warning Policy
The VP of Business Affairs, in consultation with the VP-EMSA and the President, is responsible for issuing Timely Warning Notices without delay for all College campuses and locations in compliance with and as defined by the Jeanne Clery Act (the Act), 20 U.S.C. § 1092(f) et seq.

Persons with information warranting a Timely Warning should report that information to DC Security as quickly as possible. In the event that a situation arises that requires issuance of a warning, these warnings will be provided in order to keep the campus community informed about safety and security matters on an ongoing basis and in an effort to prevent similar crimes from occurring.

The decision to issue a timely warning shall be made on a case by case basis in compliance with the Act and in an effort to prevent similar crimes from occurring.
the considerations in making a determination to issue a timely warning are:

- nature of the crime
- the continuing danger to the community
- the possible risk of compromising law enforcement efforts

Timely warnings may be issued for the following classifications of crime:

- Arson
- Burglary
- Robbery
- Aggravated assault
- Criminal homicide
- Motor vehicle theft
- Sex offenses
- Hate Crimes

Timely warnings are also to be issued for other hazardous conditions as deemed appropriate.

When a determination has been made that a timely warning is to be issued, the VP of Business Affairs will inform the campus community by dissemination of the Timely Warning Notice through some or all of the following means:

- Campus e-mail
- Posting on the College web site
- Contacting the College Marketing Manager or his/her designee to allow for appropriate media distribution of the warning.

To the extent that certain information is available a Timely Warning Notice should include, but is not limited to, the following information:

- Type of crime or incident
- General location of occurrence
- General timeframe of occurrence
- Suspect information
- Educational information and resources related but not limited to crime prevention, victim’s services, and how to report a crime if someone has been a victim

Once a Timely Warning Notice is issued it is essential to provide the community with regular information and updates as they become available. It is equally important to make a notice to the community when the threat to the community is captured or is otherwise reduced or removed.

**Missing Student Policy**

Donnelly College considers the safety of our students to be essential in the creation and maintenance of an environment where learning is encouraged and supported. The purpose of this policy is to establish procedures to guide the University’s response to reports of missing resident students in support of that proposition.
Each Donnelly College student who is 18 years of age or older or who is legally emancipated has the opportunity to identify an individual or individuals to be contacted by the College’s Safety team or the Title IV Coordinator whenever circumstances indicate that the student may be missing or otherwise endangered. In the event the student is under 18 years of age and is not emancipated, the College is required to make any missing student notification to the custodial parent(s) or guardian(s).

Any reports of a missing student should be directed to the Title IX Coordinator in person or by telephone at (913) 621-8765 during normal business hours or the Safety team at (913) 433-3350. An investigation into the circumstances surrounding the student being reported missing will be promptly initiated by the Title IX Coordinator and the safety team. Nothing herein shall prohibit the investigation of a report of a student missing before a specific amount time has elapsed.

Investigative steps may include but are not limited to:

- Calling the student’s personal cell phone on record.
- Entering the student’s residence hall room.
- Checking class schedules and visiting scheduled classes.
- Contacting faculty members regarding class absences
- Contacting known friends, roommates, acquaintances, and place(s) of work, if any.
- Checking vehicle registration records for vehicle information and searching the vicinity for any registered vehicles.

Upon receipt of a credible report of a missing student the Title IX Coordinator will notify the appropriate law enforcement authority of the report of the missing student as soon as practicable. If a reportedly missing student is not located within 24 hours of the initial report the College is required by law to contact the appropriate law enforcement authority. Nothing herein shall prohibit the prompt notification of the appropriate law enforcement authority of a report of a student missing in fewer than 24 hours.

Once the Title IX Coordinator and/or appropriate law enforcement authority has been notified and makes a determination that a student who is the subject of a missing person report is indeed missing the Title IX Coordinator or his/her designee shall initiate the emergency contact procedure using the student’s designated emergency contacts.

Following notification of the appropriate law enforcement authority the College will cooperate in the investigation and offer assistance necessary to locate a missing student.

**Off Campus Criminal Activity**
Donnelly College does not have any officially recognized student organization with off-campus locations.

**Other Services**
The Donnelly College Counseling Center is open during normal college operating hours to meet the counseling needs of the students. Fire protection and ambulance response are only minutes away with services provided by the Kansas City Kansas Police and Fire
Departments.

**Evacuation Policies and Procedures**
In an emergency, an on-site administrator will respond. Administrators on site include:

- Vice President of Business Affairs
- Vice President of Academic Affairs
- Assistant Dean of Evening Programs
- Director of Teacher Education
- Director of Health Occupations
- Resident Assistants (Residence Halls)

Once an incident is identified, the administrator will work with security to assess the situation and take the appropriate action.

- In case of a tornado, take shelter in areas identified on the evacuation plan posted on campus and follow steps outlined in the Emergency Evacuation Plan found online.*
- In case of illness or serious injury, follow the procedures identified on the evacuation plan posted on campus and outlined in the Emergency Evacuation Plan found online.*
- In case of an armed intruder, an announcement will be made using the code phrase, “XXXXXXXX.” Follow the procedures identified on the evacuation plan posted on campus and outlined in the Emergency Evacuation Plan found online.*

* donnelly.edu / Faculty & Staff / Administrative Resources / Emergency Evacuation

After the situation has been resolved, the necessary media will be notified.

- The President of the College and Marketing Director will work with the media to issue a statement on behalf of the college.
- Statements or descriptions of an emergency situation made by students, faculty, and/or staff will be considered unofficial.

**Fire Protocol:**
*Fire; Tornado; other natural disasters - daytime*
An announcement via the phone intercom made by the V.P. of Business Affairs and/or V.P. of Academic Affairs will instruct people to evacuate the building or take shelter. Designated employees on each floor will be responsible to check their floor spaces and advise DC community to leave the building or go to the closest tornado shelter by taking the stairs. Tornado shelters are located in the basement of all DC buildings. The designated location for a fire is the Donnelly College parking lot, near the light posts.
furthest from the main entrance. Once outside or in the basement, the people named below will do a head count of their designated area. The V.P. of Student Affairs and/or V.P. of Academic Affairs will ask for an update from each designated employee and speak with emergency response crews. During this process, please encourage people to remain calm and assist others so they can get down the stairs quickly and safely. If a person/s cannot use the stairs, they are to remain in the east stairwell exit for emergency assistance. The President of the college and DC community will be given updates in a timely manner.

A designated Student Affairs employee will be responsible for contacting the RA’s at each residence hall. RA’s will facilitate the evacuation plan as needed in each building.

Fire; Tornado; other natural disasters – evening
An announcement via the phone intercom made by the Assistant Dean for Evening Programs will instruct people to evacuate the building or take shelter. Evening faculty will be responsible to check their floor spaces and advise DC community to leave the building or go to the closest tornado shelter by taking the stairs. Tornado shelters are located in the basement of all DC buildings. The designated location for a fire is in the Donnelly College parking lot, near the light posts furthest from the main entrance. Once everyone is outside or in the basement, the Assist. Dean for Evening Program will ask faculty and/or staff for an update from each person and speak with emergency response crews. During this process, please encourage people to remain calm and assist others so they can get down the stairs quickly and safely. If a person/s cannot use the stairs, they are to remain in the east stairwell exit for emergency assistance. The president of the college and DC community will be given updates in a timely manner.

A designated DC Security employee will be responsible for contacting the RA’s at each residence hall. RA’s will facilitate the evacuation plan as needed in each building.

Preparing for an Evacuation
- Know your building or classroom's floor plan. Know where the doors, windows, stairs, and fire extinguishers are.
- Determine in advance the nearest exit from your work or classroom location and the route you will follow to reach that exit in an emergency. Know the locations of alternate exits from your area, or the areas you frequent on campus.
- If you are in an unfamiliar building, look for exit signs and stairwells upon entering.
- Obtain an Evacuation Map of the Donnelly College Campus and locate in advance the pre-determined evacuation locations closest to your building.
- Evacuation locations are located on both ends of the hallways in the main building, Marian Hall, and women’s residence hall.
- If you work in an interior office, know exactly how many doors you will pass along your evacuation route before you reach the nearest exit. In heavy smoke, exit signs may be invisible. Even in heavy smoke, you can count the number of doors as you pass, so you will know when you reach the exit door.
- Do not return to the building until you have been instructed to do so by DC Security, or Kansas City Kansas Police or Fire Departments.
During an Evacuation for Fire

- When the fire alarms sound and the strobes are activated, or upon notification by DC Security or emergency responders, occupants must evacuate the building and assemble at the pre-determined evacuation locations.
- IF time and conditions permit, take only your most important personal items such as a purse, car keys, or glasses, and secure your workplace.
- Leave by the nearest marked exit and alert others to do the same.
- Follow instructions from DC Security or emergency responders.
- Before opening a door, check the door for heat with the back of your hand before opening it. Do not open the door if it is hot.
- Walk, do not run. Do not push or crowd.
- Keep noise to a minimum so you can hear emergency instructions.
- Use handrails in stairwells, and stay to the right.
- Watch for falling debris and glass inside and outside of building.
- Assist people with disabilities in exiting the building. Remember that elevators are reserved for people with disabilities. In case of fire do not use elevators. People with disabilities may need additional assistance during these emergencies.
- Once outside, move quickly away from the building and proceed to the closest evacuation location. You should try to be at least 500 feet away from the affected building.
- Attempt to keep existing groups and classrooms of students together. This will assist in identifying if anyone was left behind or is missing from the group.
- Keep roadways, fire lanes, and fire hydrants clear for emergency vehicles and responders.

Campus Evacuation

- Evacuation of all or part of the campus will be announced by fire alarm, DC Security or emergency responders from KCKS Police and Fire Departments, or additional communication such as text messages and/or emergency emails.
- All persons (students and employees) are to evacuate immediately the area of campus in question and reassemble at the pre-determined evacuation locations on campus as directed.
- Try to remain calm and assist those that may need your assistance, as well as keeping groups together.
- Whenever possible or in small evacuations of specific locations, DC Security will be available to assist and direct building occupants to exit stairwells and/or evacuation locations.
- Do not return to the building until Security or emergency responders instruct you to return.

Evacuation of Persons with Disabilities

- Students and staff need to advise faculty and supervisors of their needs in an emergency.
- Faculty and supervisors need to establish a "buddy" system to assist persons with disabilities.
- The Security Department is available to assist students and employees with a disability before an emergency in determining evacuation routes and assembly areas.
• To assist people with mobility impairments to include those using wheelchairs, canes, crutches and walkers:
  o Ask how to help.
  o Remove obstructions.
  o Some non-ambulatory persons have respiratory complications. Remove them from smoke and vapors as soon as possible.
  o Accompany the person to the evacuation site.
  o For persons in wheelchairs ask if they need help driving their chair.
  o Do not attempt to push a power/electric chair.
  o The best way to move a power chair is to use the controls in the way the person does, usually with a hand on the joystick.
  o In multi-level buildings, when elevators are off limits as in the case of fire assist persons with disabilities to go to the nearest exit stairwell landing. Many stairwell landings can help to provide temporary protection in fire emergencies.
  o Close the door behind.
  o If the person is not able to use a fire exit stairwell with assistance, an escort should remain with the disabled person at the landing to provide additional assistance.
  o Alert DC Security or emergency responders that a disabled person is waiting for rescue.
  o Specify the building, floor, exit stairwell and any additional location information.
  o If it is a life-threatening emergency, determine the best carry options for the person based on their input.
  o Power wheelchairs are too heavy to carry down stairs.
  o Reunite the person with the chair as soon as it is safe to do so.

• For persons who are unable to leave the building:
  o Assist the person to the nearest area where there are no hazards.
  o Alert Security or Emergency Responders that a disabled person is waiting for rescue.
  o Specify the building, room number and any additional location information.
  o If possible, signal out the window to alert an on-site Security Officer or emergency responder.

• To assist people who are blind or visually impaired:
  o Announce the type of emergency that is occurring.
  o Offer your assistance, or your arm for guidance.
  o Tell the person where you are going, or about any obstacles you encounter.
  o When you reach safety, ask if further assistance is needed.

• To alert people who are deaf or have a hearing impairment:
  o Turn lights on and off to gain the person’s attention.
  o Write a note with evacuation instructions or directions based on the emergency.
  o Indicate directions with gestures.

Intruder Incidents and Lockdown Procedures:
There may also be certain emergencies when it may be safer to stay inside and lock the door when possible, rather then immediately evacuate (e.g. armed intruder on campus.)
• Before the onset of a situation, the following things need to be considered:
o Does your door lock, and if so, how does it lock: from the inside or outside?
o Do you have a key for the classroom or office to lock it with?
o If the room does not lock, are their large items to barricade the door with?
o Can you close the blinds in the room?
o Can you and/or students get away from windows?
o Do the lights come on when you move in the room?
o Do you have an opportunity to evacuate?
o Do you know how to contact DC Security or 911 from your location?
o How well do you do in a crisis? (If you have any doubts about your ability to think calmly and clearly in an emergency, then the time to prepare and plan is now.)
o Before an incident, think through various violent scenarios and determine what might work if an intruder were to come onto campus, into your classroom, or office area.

- Responding personnel will have to use individual judgment as to what they can and should do first. The following things need to happen as close together as possible:
  o Get yourself and students out of harm's way.
  o When possible, contact Security to alert them to a problem, and determine whether evacuation or lockdown is the appropriate response.
  o Faculty and employees should make decisions of lockdown or evacuation on their own only in life threatening situations.
  o In a violent situation, consider what you can use to cover yourself, or deflect a bullet if necessary (trashcans, columns, planter boxes, benches, cement.) Consider what might conceal you to an intruder (doors, partitions, desks, shrubs, video cabinets.)
  o Assess whether anyone is injured and the severity of injuries. In life threatening situations, take immediate appropriate measures by calling 911, and then alerting campus Security.
  o In the event that faculty or an employee cannot call or leave the room, ask someone in the class to call 911 or Security by using their cell phone.
  o Faculty and employees in classrooms should remain with students until notified by appropriate personnel on what actions to take.

Implementing a Crisis Management Plan
Depending on the nature of the emergency, either law enforcement or the fire department will be in charge of the incident.

- As best you can, secure all areas for student and employee safety until the police arrive.
- Be aware that the site may be a potential crime scene. Avoid unnecessary touching or tampering with anything in the area, as it will disturb what is considered evidence. To the extent possible, leave all objects exactly as they are in order to protect the evidence for law enforcement.
- In the case of a lockdown, if possible, keep a list of any students who have left your classroom.
- Never speculate. Be sure to have as much information as possible and to understand the circumstances surrounding the situation before commenting on it. Follow all appropriate guidelines about disclosure, repeating, or giving out information.
• As appropriate, keep students informed about what is happening. Ensure that the same information is communicated to all of the students and employees present.
• As soon as possible, try to account for all students and employees that were in your classroom or immediate area before the incident.
• Continue to maintain the crime scene for evidence.

The Role of Students
Students should understand and follow all plans applicable to the given crisis situation. Students should not panic. In addition, they should be informed of the following:
• In the absence of employee or faculty direction, decide where it is safest to be and remain there.
• Determine whether you should shelter in place, lock-down, run, hide, play dead, or fight.
• In a violent situation, consider what you can use to cover yourself, or deflect a bullet if necessary (trashcans, columns, planter boxes, benches, cement.) Consider what might conceal you to an intruder (doors, partitions, desks, shrubs, video cabinets.)
• Before an incident, think through various scenarios for your own safety, and determine what might work if an intruder were to come onto campus or into your classroom.
• In a violent situation, notify the first available employee. Share all relevant information with Security, law enforcement, faculty, or whoever can first assist you in alerting authorities.
• During and after the crisis, to the extent it is safe, keep with you what is on your person, do not go back for anything you left behind, and do not pick anything up.
• Assist faculty and employees in quickly assessing who is accounted for and who is not.
• If able to, provide assistance to injured or disabled persons.
• Try to remain calm and reassure fellow students.
• Follow directions about where to go or where to remain from Campus Security, law enforcement, or other emergency responders.
• Do not speculate or perpetuate rumors to others.
• Do not retaliate or take unnecessary chances against an intruder.
• Fighting is a last option and depends on a long list of considerations in the situation.

Armed Intruder
If an armed or threatening intruder comes on to Donnelly College property it is very important that faculty, staff and/or students report it immediately and take protective actions.

Donnelly College Safety & Security recommends the following procedures.
If you see an armed intruder and you are in an office or classroom:
• Remain in the classroom or office and immediately lock all doors, if possible.
• Call 911 and alert the Kansas City Kansas Police Department. Try and remain calm so you can give an accurate description of the person or person(s). Note type of dress, height, weight, sex, and any other characteristics/physical items that are particular to the individual(s). Report the type of weapon (if known) and direction of travel or building entered.
• Lock the windows and close blinds or curtains.
• Turn off lights and all audio equipment.
• Stay out of the open areas and be as quiet as possible.
• Try to remain as calm as possible.
• Keep classroom or office secure until police and/or DC Security arrive and give directions.

If you are caught in an open or exposed area and you cannot get into a classroom or office you must decide upon a course of action:

➢ Hiding
 Look for a safe and secure hiding area. Once in place try and remain calm. Stay hidden until you can make contact with emergency personnel.

➢ Running
 If you think you can safely make it out of the area, then do so. If you decide to run, stay low and do not run in a straight line. Attempt to keep objects (trees, vehicles, trash cans, etc.) between you and the hostile person. When away from immediate area of danger, summon help and warn others.

➢ Playing Dead
 If the intruder is causing death or physical injury to others and you are un-able to run or hide you may choose to assume a prone position and lay as still as possible.

➢ Fighting
 Your last option if you are caught in the open and are in close proximity of the intruder is to fight back. This is dangerous, but depending on your situation this could be your last option.

➢ If you are caught by the intruder and are not going to fight back, obey all commands and avoid eye contact.

Once emergency personnel have arrived and taken over the situation, obey all commands. Once the threat is over, render first aid to injured near you and summon emergency aid responders.
