Students

Food Allergy Management Program

The Superintendent or designee shall develop and implement a Food Allergy Management Program that:

- 1. Fully implements the following goals established in the School Code: (a) identifying students with life-threatening food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an auto-injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.
- 2. References the applicable best practices specific to the District's needs in the joint State Board of Education and Ill. Dept. of Public Health publication *Guidelines for Managing Life-Threatening Food Allergies in Schools*, available at:

www.isbe.net/nutrition/pdf/food allergy guidelines.pdf.

3. Complies with State and federal law and is in alignment with Board policies.

LEGAL REF.: 105 ILCS 5/2-3.149 and 5/10-22.39.

Guidelines for Managing Life-Threatening Food Allergies in Schools (Guidelines), jointly published by the State Board of Education and Ill. Dept. of Public Health.

CROSS REF.: 4:110 (Transportation), 4:120 (Food Services), 4:170 (Safety), 5:100 (Staff

Development Program), 6:120 (Education of Children with Disabilities), 6:240

(Field Trips), 7:270 (Administering Medicines to Students)

ADOPTED: April 5, 2011, October 20, 2015
