

# iPad Damage Policy Changes

Next year there will be two big changes to how we track and repair damaged devices.

Starting in the 2018-19 school year, students will have **two covered incidents of damage to the iPad** and **two covered incidents of damage for accessories** (cable, brick, case, pencil).

After those two incidents, students and parents will be responsible for the cost of repair or full device/ accessory replacement. **The District reserves the right to NOT cover the cost of *intentional* damage to these items.**

Group	Covered Accidental Damage/Loss Incidents	Covered Intentional Damage Incidents
Brick / Case / Cable/Pencil	2	0
iPad	2	0

If a student device needs to be repaired, a temporary device will be issued to the student while his or her original device is being repaired. The original device will be returned to the student after the repair. To the best of our ability, the originally assigned device will follow the student from one year to the next.
