- * *Have you ever thought about the presence of a gun at your child's playdate or sleepover?*
- * *Have you ever wondered how to ask someone if there is a gun in their home?*
- * *Did you know that the presence of a gun has more of an effect on teen suicide than mental illness?*

Be SMART for Kids is a safety program that educates adults on simple steps they can take to save lives and reduce:

- * unintentional shootings by children
- * teen suicide

Topics covered: safe storage, modeling responsible behavior around guns, asking about unsecured guns, and recognizing the risks and warning signs of teen suicide.

Audience: anyone who has, works with, or knows pre-K to 12th grade students.
