Deconstruction Zone

5th-10th grades 1:00-3:00 - Tuition \$50

A tech take-apart event! Investigate how something was built in order to take it apart without destroying it. From a variety of old electronic devices we'll have on hand, choose an item to disassemble. Open up your chosen device and dive in. Explore what's inside, observing, identifying, loosening, detaching, and removing pieces as far as you can go. By taking items apart in this way, you will see and understand how they were made.
