

Home Language Survey

To make sure all students receive the education services they need, the law requires us to ask questions about students' language backgrounds. The answers in Section A below will tell us whether a student's proficiency in English should be evaluated and help us ensure that important opportunities to receive programs and services are offered to students who need them. The answers to Section B below will help us communicate with parents regarding their student and all school matters in the language they prefer.

SECTION A

Today's Date: _____

Student's Last Name: _____ **First Name:** _____

Date of Birth: _____ **Place of Birth:** _____
