Good Morning,

As we prepare for the first step in the assessment process, I wanted to share with everyone a few reminders that are very important for everyone to remember;

1. Do not eat or drink anything in the 12 hour period before your screening appointment (except water **is** encouraged so that you are hydrated for your test).
2. Take your medication as prescribed.
3. If your appointment is during the regular school day, please make sure to check in at the main office to make sure that a substitute teacher relieves you in time for you to make your scheduled appointment.
4. If you have any other questions, please see your building Wellness Coordinator or Principal.
