

K-2 FAMILY LITERACY NIGHT 2018

We're excited to invite K-2 grade families to this year's family Literacy Night,
THURSDAY SEPTEMBER 27 AT 6:00.

This year we are focusing on the importance of partnerships. Partnerships are essential to literacy and today's interconnected world. This is also a structure we utilize everyday in readers and writer's workshop to give everyone a voice, an immediate audience, and someone to talk with about reading and writing. To foster a love of reading, we want to strengthen our home and school partnerships. This is equally important to develop eager, strategic, capable readers, writers, and thinkers.
