

DEPERE

YOUTH HOCKEY

JOIN DE PERE YOUTH HOCKEY!

REGISTRATION OPENS IN JULY

New to hockey?

De Pere Youth Hockey Association is proud to offer programs for skaters ages 4-18.

HIP (Hockey Initiation Program)

A GREAT & FUN way to learn. If your child can walk on skates, they can join the HIP program. The focus of the HIP program is to get the kids comfortable on the ice wearing their equipment, basic hockey moves and having fun! Children as young as 4 years old can sign up, however, we do have kids as old as 8 or 9 start with HIP before moving up to a higher level. There are NO FEES for this program!! A great no risk way to try hockey!

MITES (Age 5-8)

At the Mite level skaters continue to develop their skills and are introduced to the fundamentals of hockey. Mite skaters participate in Jamborees, which are cross-ice games against nearby teams. The Mite program is split into 3 levels to smoothly transition skaters to full-ice hockey at the squirt level.

DPYH offers equipment at the HIP and Mite level, check out our [Welcome to DPYH Brochure](#) for more information. If you child has never skated before check out the [Learn to Skate](#) program!

SQUIRTS (Age 9-10)

Many parents wonder if their child is too old to catch up at this age level. In general, as long as they are able to learn, they can play! Kids learn fast, so fast in fact that we have had 10 year olds that are new to the sport do very well their first season.

**Never played hockey before?
Beginner Players Encouraged
to sign up!!**
