Your Child Can Attend Woodbury Junior-Senior High School Even if You Don't Live in Woodbury

Woodbury Junior-Senior High School participates in New Jersey's Interdistrict Public School Choice program. This means that the same opportunity Woodbury residents enjoy is available to families from districts throughout South Jersey at no charge.

By choosing to enroll in our AVID college-readiness system, any New Jersey student living within 30 miles of Woodbury can apply to our district with all funding provided by the state. Students may enter in 8th-11th grades and remain with us through high school graduation.

Find out more by visiting our website at http://www.woodburysch.com/about/interdistrict-public-school-choice-attend-woodbury or by contacting Donna Cohen at dcohen@woodburysch.com or 856-853-0123 ext. 241.

Visit Us and See the Difference

There is nothing like actually seeing a school in action for yourself. You can do this by scheduling a tour with our Pupil Personnel Director, Edward Murphy, at a day and time convenient for you, or you can attend our biannual community open houses and tours that occur in the fall and spring.

Visit www.woodburysch.com to learn more or contact Mr. Murphy at emurphy@woodburysch.com; 856-853-0123 ext. 225.

Woodbury City Public Schools: An Educational Leader

- Students receive excellent educational instruction in intimate class settings because we are a small, New Jersey school district with approximately 1,500 students and 300 faculty. This means students receive personalized attention. In fact, the district prides itself on being “A Leader in Personalizing Education.”
- Woodbury City Public Schools is comprised of three elementary schools – Evergreen Avenue, Walnut Street, and West End Memorial and a Junior-Senior High School.
- Respected organizations, such as U.S. News & World Report; the College Board; The Washington Post; and AVID (Advancement Via Individual Determination) college-readiness system, have praised the quality of our district and bestowed awards and recognition on our schools.
- All the schools in the district are AVID Highly Certified Sites.
- District will not only provide educational enrichment but also encourage students to meet life’s challenges with courage, confidence and pride.

Just Look at the Benefits of Attending Woodbury City Public Schools...

District
- A Strategic Plan that supports Woodbury City Public Schools’ vision by providing a strong path to success for all.
- All teachers are highly qualified; many have advanced degrees; three of our administrators have doctorate degrees.
- All schools have active parent organizations.
- The district has strong social and emotional support services including school counselors, social workers, a district-wide student assistance counselor, and full child study teams.
- Our schools (4th-12th grade) utilize the AVID program, a college-readiness system that is designed to increase school-wide learning and student performance. The Junior-Senior High School has the distinction of being an AVID National Demonstration School since 2010. Only the top 3% of all AVID schools have been awarded this designation.
- All schools provide a free ‘Breakfast After the Bell’ for every student.
- Quality, sustained professional development opportunities are provided for our faculty to ensure each is current on educational trends and teaching methods.
- New technology is readily available. Students enjoy a 1:1 computer initiative currently in 2nd through 8th grades and scheduled to be introduced into the high school grades.
- Media Centers in all schools provide print and technology resources.
- Our staff and students have made presentations at many important conferences and meetings including New Jersey School Boards Association (NJSBA), National AVID programs, and CollegeBoard. Also, groups of national and international educators have visited our district to learn about our educational practices.
- All students visit college campuses with their entire class in 4th, 8th, and 10th grades. What other school district makes it a point to have elementary school, junior high school, and high school students see the world of college through firsthand visitations?

Junior-Senior High School
- The Junior-Senior High School has received many prestigious awards including the CollegeBoard’s Gaston Caperton Inspiration Award in 2012, one of only three schools in the nation to receive this honor, and a Silver Medal in 2013 from U.S. News and World Report.
- Graduating seniors in 2017 received thousands of dollars in local awards and scholarships – this is in addition to the national and collegiate-related scholarships and awards our students received.
- Seniors are able to earn up to 12 college credits at Rowan College at Gloucester County through our Senior Year Experience Option II program. There is no added cost to the student for transportation or tuition.
- Since the onset of the district’s commitment to service learning, students have volunteered thousands of hours to our community.
- An open enrollment practice encourages a large percentage of our students to participate in honors and/or AP courses. Woodbury High School offered 16 AP courses in the 2016-2017 school year. The school was ranked the highest, most academically challenging school in Gloucester County by a Washington Post report. In addition, U.S. News & World Report listed the school as #1 in Gloucester County and #10 in South Jersey in terms of 3+ AP performance by seniors.
- Drexel University, Purdue University, Georgetown, University of Pennsylvania — check out our Top of The Class link to see the types of colleges our recent graduates were accepted to and attend. http://www.woodburysch.com/studentservices/top-of-the-class
- Student-led conferences in junior high grades allow students to take ownership of their conference by sharing a PowerPoint presentation that reviews academic work, strengths, weaknesses, and personal goals. Parent conferences are also part of the senior high experience.
- Additional free help is given to students in the form of an after-school homework club.
- A Personalized Student Learning Plan allows students to view their course histories and map a four-year graduation plan that takes into account their future goals and rates their plan against college entrance requirements.
- Athletic teams and co-curricular activities make few to no cuts. Students can play a sport, march in the band, perform in the musical, and join clubs all in the same year — we encourage this type of diverse involvement.
- A model Option II program provides credit for innovative, self-directed Competency-based Learning Program classes and other nontraditional programming including outside learning experiences.
- Chinese is one of the languages available to study.
- Every year, 8th grade students visit Howard University (Washington, D.C.) and 10th grade students tour The College of New Jersey.

Elementary Schools
- Full-time preschool is available for ages 3 and 4.
- Every year, 4th grade students tour Rowan University.
- Reading and Writing Workshop is utilized as well as Go Math! and ST Math.
- Each school offers science, social studies, world language, English as a Second Language (ESL), art, gym, music, health, technology lessons, enrichment opportunities, band, chorus, and specialty clubs such as STEM (Science, Technology, Engineering and Mathematics).
- Student-led conferences in 3rd-5th grade.
- Average elementary class size is 19 students.
