

NHS **SOCK DRIVE**

The National Honor Society of Woodbury Junior-Senior High School will be collecting socks for a children's shelter. The sock drive will take place January 29 – January 31.

The sock drive provides new socks to homeless or displaced children who may receive other clothing items, but never socks. There are two main reasons socks are among the most valuable piece of clothing to people without permanent housing. For one, feet work overtime when there's no cozy home to return to each night. The other reason is that socks aren't often donated or when they are, there may not be laundry facilities to keep them clean. A snuggly and comfy new pair of socks can help someone avoid health problems while keeping their feet warm.
