

WOODBURY CITY PUBLIC SCHOOLS

A Leader in Personalizing Education

Dear Parent(s)/Guardian(s):

The Secondary Curriculum office here at Woodbury City Schools values education as well as health and safety. Although there have not been any school closures to date, we are taking a proactive approach to prepare instructional materials in the event of a closure.

Below are the guidelines for you and your student to follow to access schoolwork.

All student work will be assigned through Google Classroom during this school closure. Please use the following link:

<https://classroom.google.com>

Login: studentlastname.firstname@wcpstudent.net

Password: (students should know them; if they do not, you may look them up on PowerSchool)

Students are able to ask questions to teachers about the content via Google Classroom on individual assignments; questions may be posted directly to the teacher or to the class as a whole. Students are expected to turn in all work through Google Classroom each day. These submissions will be counted as 'attendance' for the day. If the work is not submitted that day, students will be marked absent.

For those without Internet access, work packets will be available the day after the initial school closure date. Please continue to check the district's website and School Messenger for all district updates.

If you have any questions, please contact your student's counselor:
