

# WOODBURY CITY PUBLIC SCHOOLS

---

*A Leader in Personalizing Education*

Dear Woodbury Staff and Families,

We are coming to the end of week 10 and I want to share with you from the district office some brief updates. As always, I want to applaud you all for your tremendous resiliency over these past weeks, you have stayed strong and continue to shine as some of the area's best educators. I could not be more proud of our district. As we come closer to the end of our academic school year, culminating activities are being cancelled or reconstructed to virtual events. The administration team has been planning these year-end events accordingly with oversight and guidance from the Department of Education and local officials. There are many challenges on what is permissible and what is prohibited. We have carefully thought through our plan that will carry us to the end of the academic school year.

You will find a schedule of events 6-12 for the Jr./Sr. High as well as for the elementary schools schedule events K-5 in both the news section of our website and on our district Facebook page.

One of the most important events to address at the end of any school year is high school graduation. We have planned a virtual graduation for the Class of 2020, details of the graduation ceremony can be found in the new section and the banner of our district website. Details can also be found on our Facebook page.

If you have any questions about any of these events please reach out to your school administrator via email.

I know we all miss our students tremendously and I know they miss coming to school every day and the excitement that comes with closing out every school year. We could have not imagined months ago that the world would come to a literal halt. Our thoughts are continually with every educator, student and parent in these unprecedented times.

Please remain well and know that we are "Better, Together"

Andrew Bell  
Superintendent
