RE: Parent/Guardian Questionnaire on 2020-2021 Instruction

Dear Parents/Guardians,

As we prepare to open the 2020-2021 school year, the health and well-being of our students and staff remain our focus and top priority. We aim to work collaboratively with our school community to develop a re-opening plan for the upcoming school year and ask that you complete this brief survey – Parent/Guardian Questionnaire on 2020-2021 Instructional Plan. With a hybrid learning program that consist of in-person instruction and remote learning in the works, we are looking to acquire information to help us make informed decisions for school reopening in September.

If you have multiple students in our school system, please complete a new survey for each child. Again, thank you for your partnership and support during these unprecedented times.

Educationally yours,

Andrew T. Bell, Sr.
Superintendent

Definitions:

Virtual Learning Program (remote, distance or online learning)

Hybrid Learning Program (A blend of virtual and traditional school)
