

WOODBURY CITY PUBLIC SCHOOLS

A Leader in Personalizing Education

October 2020

Dear Parents/Guardians,

Pursuant to state code (NJSA 18A:7C-6.6) all school districts in New Jersey must provide information regarding state assessments or commercially-developed assessments that will be administered during the academic year. These standardized assessments are one piece of the educational measures that are used to evaluate student success. As a district we believe that our students' classroom experiences, interacting with their teachers on a daily basis, and their subsequent performance on teacher and district developed assessments provide a clear and well-rounded picture of students' achievement.

Please see the enclosed schedule of State and commercially-developed assessments that will be administered to students during the 2020-2021 academic year. If you have any questions, please contact your child's principal.

Sincerely,

Vincent Myers
Director of Special Projects
