

World Down Syndrome Day

3-21-2023

Show your support and help raise awareness for

World Down Syndrome Day

by rocking your **crazy socks** to school on

Tuesday, March 21st.

Students will also be participating in a crazy sock coloring activity to be displayed throughout the school.

Fun Fact: Socks have been used as the symbol for Down Syndrome awareness because chromosomes are shaped like socks, and people with Down Syndrome are born with an extra 21st chromosome.
