Residency Alert

Many suburban school districts, including District 73½, have been burdened with non-resident students enrolled in their schools. This is not fair to the taxpayers!

Our Board of Education has taken a firm stand on identifying and removing out-of-district children who are illegally enrolled in our schools. If you believe that someone who is attending one of our schools is **not** a resident of our district, we ask that you alert us to this situation as soon as possible. All information given to us is confidential and your anonymity is ensured.

If we suspect illegal enrollment, we will take the following actions:

- Review the student's information we have on file
- Hire surveillance teams to check residency
- Hire private investigators to gather evidence

If our evidence indicates illegal enrollment, the Board will exercise its right to collect owed tuition, current and retroactive. The tuition rate (grades K-8) for the 2017-2018 school year was \$15,039.21. The 2018-2019 rate will be determined in October 2018 and made retroactive to the first day of school.

Residency is defined as that place where parents/legal guardians eat, sleep, and store their belongings; furthermore, it is that place in which their child resides with them for four or more days per week. A student's residence is the same as the person who has legal custody of the student. Refer to Board Policy 7.60.

To be a **legal resident** of Skokie School District 73½, a child **must**

- Reside within the school district with his/her natural parents

OR

- Reside within the school district with his/her custodial parent if parents are divorced or otherwise not living in the same household

OR

- Reside within the school district with a person to whom custody and control have been legally transferred by the courts. The intent of such transfer **cannot** have been solely to enable the student to attend school in this district.

If you are the parent/guardian of a child illegally enrolled in this district, you are advised to withdraw your child immediately.

If you have any questions about your residency, please call the Superintendent's Office at 847-324-0509 for clarification.
