What Makes Our Preschool Special?

- ♥ Our teachers and specialists are fully credentialed, well-trained and experienced. Our staff members have advanced degrees and specialty certifications.
- ♥ Professional development for our staff is highly valued; all staff members participate in ongoing learning experiences to positively impact students' development and progress.
- ♥ Because our preschool is part of a public school district, we have specialists in our building, every day, working with our teachers and students.
- ♥ We offer speech and language therapy, occupational therapy, social work services, and consultation with our registered school nurse and school psychologist.
- ♥ Our new, state-of-the-art playground provides many ways for the children to develop their gross motor and social skills. Students can play on the equipment, ride wheel toys around the track, and use the water or sand table.

Our Facility

Our school includes an expansive library space and vast collection of resources, as well as a sensory motor room, art room, and beautiful gym. Every classroom has a SMART Board and tablets for student use, as well as ample supplies of books and hands-on learning materials.

Our Program

AM Section: 8:30 to 11:00 a.m.

PM Section: 12:00 to 2:30 p.m.

Creative Curriculum® provides the foundation and guide for all classroom learning experiences.

The early childhood program integrates language and literacy with science, math, music, art, social studies, and physical development based on the *Illinois Early Learning Standards*. Our early childhood certified staff facilitates learning through hands-on experiences and purposeful play. Activities promote the development of social/emotional, motor, cognitive, and language skills within nurturing classroom communities.

The curriculum is taught through integrated units of study. Lessons and activities within each unit are experiential. Progress is assessed regularly through observational data collection to ensure our students are meeting the standards in all domains.

Parents are welcome and encouraged to volunteer in our classrooms and school.

Our Staff

Our staff is highly qualified and experienced. They are credentialed by the State of Illinois with Type 4 Early Childhood, Special Education and English Learner endorsements. Meyer's teaching assistants are certified paraprofessionals. Our Early Childhood Education staff members are dedicated to providing a safe and nurturing environment in which the children will thrive.

Support Services

Children are assessed formally and informally. Vision and hearing are screened by qualified health professionals. Parents and staff work collaboratively to support students at all developmental levels.

For those students who are eligible, services may include:

- ♥ English Language Instruction and Support
- ♥ Speech/Language Therapy
- ♥ Occupational Therapy
- ♥ Special Education
- ♥ Social Work
- ♥ Health Services
- ♥ Consultation

If you feel your child may qualify for any of these services, please contact us to schedule a screening appointment.
