

Financial Assistance for 2018-2019

Once a student has been enrolled and accepted, your application for financial assistance will be considered. We offer three forms of financial assistance: Direct Financial Aid, Work Program, and the Scholarship Program. **Direct Financial Aid** awards have been in the range between **\$1,600** and **\$1,900** per student. Participation in the **Work Program** provides a **\$3,000** tuition offset per nightly commitment. (see additional details on this program) Until additional funding is received, the **Scholarship Program** is currently available only to eligible families that qualified in 2016-17.

A new application must be completed each school year to be considered.

FACTS Management, the company who processes the monthly tuition payments, also provides a financial aid assessment service, which we will be using for the upcoming **2018-19** School Year. The commitment is to clean once a week on your assigned day after school generally starting around 3:15 p.m. for approximately (3) hours. Each qualifying family will be given an interview with the cleaning program supervisors. During this interview, a detailed description of job responsibilities and requirements will be explained along with the availability of the family. The cleaning program supervisors make the final decision on appropriateness of each applicant.

Families are selected based on the following guide:

1. Financial need
2. Past participation in program

Tuition is reduced by **\$3,000** for the one night a week, (3) hour commitment. The number of rooms and tasks assigned to each family may differ.

The family must start cleaning two weeks before school starts. Final job assignments will be announced as soon as available.

This program is a great help to both the school and the parents who participate. Please call Mrs. Barb Cheek, Cleaning Supervisor, at (513) 829-2104 for further information.
