

TAG Programming 2020 - 2021 School Year

All programming goals as outlined in the TAG Handbook still guide teaching and learning. We are committed to meeting the academic, social, and emotional needs of our talented and gifted learners whether we are in person or remote.

This academic year is subject to frequent change and programming decisions are made based upon enrollment in the “Eagles @ Home” and “Eagles @ School” options.

I. “Eagles @ School” Formal TAG Services 4-8

- A. **TAG Math** - Students will be placed in cohorts by Math level which will allow for TAG math classes to remain intact and for instruction to continue as a formal replacement class
- B. **TAG ELA** - Students will receive differentiated services in the classroom and through push out curriculum in Otus or Google Classroom. This will not be a formal replacement class for the 20-21 school year.

II. “Eagles @ Home” Formal TAG Services 4-8

- A. Options for Eagles @ Home in TAG will depend on enrollment numbers. We will ensure TAG students cover the instructional learning targets aligned to that program with the designated remote math and ELA teachers.

III. Informal TAG Services K-3

- A. Extension activities will be made available to students who need additional enrichment services based on data from the Winter of 2019 and Fall of 2020
- B. Students will stay with their classroom teacher.
