

D68 Board of Education Candidates

Please join us for a PTO sponsored Meet the Candidate Night
Thursday, March 11th 7pm-9pm via Zoom

Cathie Anest DeMoon

I am a current Board member, OGS alum (K-8), and have three children at OGS. Previously I was an elementary teacher and a marketing/communications professional. Over the past year, I am proud to have helped Oak Grove navigate the challenges of this pandemic and implement a model that's provided a safe learning environment for all staff, students and their families.

Kevin Gas

Hello, my name is Kevin Gas. I have a first grader at OGS (Eddie), and two future students (Alice is 3, Caroline is 1). My wife Nicole graduated from Oak Grove, and it is a major reason we moved here from Chicago five years ago: we want our kids to have as great an experience as she did.

Henry Liu

With four boys attending Oak Grove School, my perspective as a parent has seen dedicated teachers, administration and staff. Our school can be proud to have continued success in following it's motto "Where Students Come First." I would like to give back to this tradition while serving on the board and help Oak Grove remain a leader.

Melissa Melius Lynch

My husband and I are parents to a 2nd grader and kindergartener at Oak Grove, and I look forward to helping to continue to drive educational excellence at Oak Grove through involvement on the school board. I am a working mother in leadership at CDW and will use my experiences personally, and professionally, to represent different groups in our community to help make educational and administrative decisions.

Krysia W. Ressler

I am an Oak Grove and Libertyville High School alumna and an attorney at Wysocki & Smith law office. As a mother of a fifth and second grade student at Oak Grove, I look forward to continuing Oak Grove's mission to "ignite a passion for learning in pursuit of excellence."

Emily Wessman Savino

I am a former attorney and mom to three children who will all be Oak Grove students next year. I am married to a high school math teacher who has coached football and baseball throughout his 22 years in education. I believe that teamwork, collaboration, and communication are key to the continued success of the OGS School Board.
