

Newton United Recreation Soccer

All children **From Pre K, and Kindergarten through 8th grade** are welcome to participate in our Spring recreation programs. The programs will vary by player's age starting with clinic level play, and moving to game play in older divisions. Newton United's recreation program is for all children in the towns of Newton Green and Andover and we work closely with all 3 towns to ensure the best possible program for our children. These are recreation programs only. Currently the Sussex County Youth Soccer League does not allow travel players to compete in these games. They are for Recreation Players only. Registration will be open until April 14th. Late registration will not be guaranteed and will be limited based on team size and needs. All registration will be **online** and there will be **NO in-person registration**. The cost to register is \$65 per player and is reduced to \$30 per additional player in multi children families. To Register please go to the registration page at www.newtonunited.org and select the appropriate program for your child.

All Newton United coaches are volunteers and we rely on these coaches to keep us running. We are always looking for new volunteers to help out. This is particularly true in the U8 and U10 age groups where we have our largest numbers of players. The more coaches we have the more teams we can form. Please consider this option as you register your child.
