BOARD MEETING BRIEFS

February 2020

Information Items and Discussion Highlights

Student enrollment is at 441, which is an increase of 5 students since December 31.

First and second quarter finances were reviewed. The District has received 36% of anticipated revenues and has expended 47% of budgeted expenditures. Local tax payments along with federal and state payments are anticipated in the third quarter.

The proposed technology budget for fiscal year 2021 was presented. The 2021 technology budget is less than 2020. The District will begin negotiating contracts and working on submitting E-rate program plans for funding. [View the technology board presentation here.](#)

First reading of Board Policies 2:70, 2:100, 2:220, 4:15, 4:60, 4:80

The Board will be reconvening both the District Facilities and Finance Committees, which is made up of Board members, parents/community members and staff, to begin conversations on next steps for the building and finances/budgeting.
