

LOCAL PURCHASING

The Board understands local merchants are in business in the same manner as are other purveyors of goods and/or services and, in addition, support the school district with tax monies as do other citizens.

The Pulaski Community School District will purchase locally in so far as it is practical, economical and in the best interest of the school district. Local firms, businesses, or vendors must supply equipment and materials at equal cost and quality, payment terms, promptness of delivery, dependability of supplier and with sufficient inventory as do other suppliers.
