A regular Type A lunch per USDA regulation includes 5 components: Whole Grains (Carbohydrate)/Protein/Fruit/Vegetable/Dairy

All 5 components are offered daily and student may choose all 5 components or as little as 3 out of the 5, but must include a fruit or vegetable on each tray.

All 5 components are included in a Type A meal , the meal must also fit into specific calorie spreads, sodium limits and saturated fat limits. PCSD Food Service Department believes strongly in the importance of access to fresh fruit and vegetables at every meal and thus allows for free seconds from the fruit and vegetable bar when students have finished their regular Type A lunch.

Elementary meal price is set at \$2.55 for the 16-17 SY for paid students, \$0.40 for reduced students, and free for those who qualify for free meal benefits.

Any main entrée, dessert, side, or milk that is taken in addition to the regular Type A lunch, will be at an additional cost, per USDA regulation standards set in the Healthy Hunger Free Kids Act of 2010.
