### Welcome

Welcome to Pulaski Summer School 2018. We are excited to kick off another great year of summer school in the Pulaski Community School District.

### From the Superintendent

Greetings!

As we close out winter and enter spring, we continue our journey through the school year. One of the exciting parts of that journey includes planning for the upcoming summer school program. As we prepare to continue learning throughout the summer, I hope that you are each enjoying a successful, #RaiderStrong school year.

Mark, Rachel and Sue have been busy planning and preparing and have an outstanding program with a number of exciting new offerings along with your traditional favorites and are eagerly awaiting the summer school season! We look forward to sharing engaging learning experiences with you in the coming months.

In order to make summer school accessible to all students, we will again provide busing from the outlying elementary schools to Summer School sites during each term. We are pleased to again be able to offer free breakfast and lunch to all children ages 18 and younger during our summer school program. Funded through the USDA, this program provides tasty, healthy meals for ALL children during the summer school program free of charge.

I encourage you to explore all that the Pulaski Community School District has to offer families throughout Red Raider Country. I look forward to seeing you at Summer School 2018!

### From the Director

Dear Summer School Families, Continue to think warm thoughts, Summer School will soon be here. The program will be at the Middle School this year.

Early Childhood, 4K and 5K programs will be moved to HILLCREST for this summer to allow HVAC upgrades at Lannoye. Everything will run the same, outlying schools will be bused to PCMS and the 4K and 5K students will be shuttled to Hillcrest. Parents will have the option of picking up at Hillcrest anytime or the child can ride the bus back to PCMS at the end of the Extended Day program and either be picked up there or catch a connecting bus to their outlying school.

As in past, the heart of the summer school program will run from 8:00 - 1:15pm. We will again have free breakfast and lunch for all kids age 18 and under. We also offer an extension of the day until 3:30pm. In the past that was titled Red Raider Rec (RRR) and it was run as such, an afternoon rec program with freedom to move to areas of interest. We now have Afternoon A la Carte and we will run our afternoon session as classes. There will be about 10 classes for students to choose from including a swim lesson. The afternoon is now considered part of summer school and will be reflected in lower costs. There will no longer be a \$60 fee for the 2 weeks of afternoon rec, just a charge for supplies needed for the afternoon class of choice. Please see page 39 for details.
