•**INCOMPLETES**• (Reference: [School Board Policy IKA](#))

To initiate an incomplete as an option to end the grading period, student, parents, teachers, and administration must mutually agree on the circumstances for the incomplete and parameters for finishing the work. Students will be allowed ten school days following the grading period to satisfy an incomplete. If the work has not been completed to the satisfaction of the teacher involved during that period of time, the incomplete will be officially recorded as a failing grade.

•**MEDICAL INCOMPLETE**• (Reference: [School Board Policy IKA](#) & [IKA ADM](#))

Medical incompletes are typically used in Physical Education when a student obtains a medical permit from a licensed physician to be excused from participating in a physical education class. Earning an “Medical Incomplete” does not allow credit to be granted, but does grant a waiver from specific credits that are required for graduation when a physician provides a written waiver from any/all physical education classes. Other students receiving an “Medical Incomplete” grade will retake a physical education class when able to do so.

•**COURSE ADD/DROP**• (Reference: [School Board Policy IKF Admin](#))

Pulaski High School affords students several opportunities to plan for and select courses throughout their 8-12 grades. Students are provided with a wide variety of course options to meet graduation requirements, to allow for exploration in areas of interest, and to assist students in attaining their post secondary goals.

Students and parents should plan carefully when the course selection form is completed each year. Schedule changes will be limited to the conditions below and must follow the procedure outlined on the course drop form.

- A. Students may add a class to their schedule within the first 5 school days of the start of the semester in which that class begins. Students may not add classes after this point.
- B. Should a student request to drop a class, the following will go into effect:
 1. First 10 school days - students may drop a course with no recorded grade and the course will be deleted from the student’s record.
 2. 11 - 20 school days into the semester - students may drop a course by completing the [STUDENT/PARENT INITIATED COURSE DROP FORM](#) with the following recourse:
 - the teacher will be required to determine the grade that the student has earned as of the date of the schedule change. The teacher will assign a Withdrawal Pass (WP) or Withdrawal Fail (WF). Withdrawal grades will be placed on the student’s permanent transcript.
 3. After 20 school days - withdrawal from the class is not permitted.

•REPORT CARDS•

Grade reports are issued to students at the end of each 9-week period. Report cards are also archived electronically and are available online via Skyward. The grading system used at Pulaski High School is outlined below. All grades awarded will be computed and recorded using the following system:

<u>Grade</u>	<u>Grade Points</u>	<u>Grade</u>	<u>Grade Points</u>
A	4.000	C	2.000
A-	3.667	C-	1.667
B+	3.333	D+	1.333
B	3.000	D	1.000
B-	2.667	D-	0.667
C+	2.333	F	0.000

No grades, transcripts, or credits will be released for students who owe fines, fees, detention/structured lunch/structured PLT times, or who have outstanding bills or incomplete records.

SECTION 2 - ATTENDANCE

•ATTENDANCE•(Reference: [School Board Policy JED](#) & 118.15; 118.16)

In accordance with State law, all children between six (6) and eighteen (18) years of age must attend school full-time until the end of the term, quarter, or semester in which they become eighteen (18) years of age, unless they have a legal excuse, fall under one of the exceptions outlined in the State Statutes, or have graduated from high school.

Attendance at school is essential to the completion of an education. Good attendance develops punctuality, self-discipline, and responsibility. Students who have good attendance achieve greater success in their learning. An absence of several days can be costly in terms of work and class lessons missed. Class discussion, experiments, demonstrations and cooperative hands-on learning activities cannot be recaptured once they have become a part of the experiences of those present in class. The attendance record made by the student is one of the most frequently used parts of a school record. Colleges, schools, and employers are more interested in the habit patterns, which are indicated by the student's attendance. Absence from classes is to be avoided except in the case of serious illness or family emergency.

118.15 Wisconsin Compulsory School Attendance Law

Except as provided under pars. (b) to (d) and sub. (4), unless the child is excused under sub. (3) or has graduated from high school, any person having under control a child who is between the ages of 6 to 18 years shall cause the child to attend school regularly during the full period and hours, religious holidays excepted, that the public or private school in which the child should be enrolled is in session until the end of that term, quarter or semester of the school year in which the child becomes 18 years of age.

Students are required to attend all their scheduled classes and study halls, unless they have obtained parental permission and/or a pass approved by the building principal or associate principal.

There are many varying circumstances involved with reasons for absence. Because of this, the school reserves the right to judge whether or not absences are excused. Any questions which do arise will be communicated to the parents in writing or by telephone. Repeated refusal of following the attendance policies will be deemed as a violation of school rules and can result in more severe consequences, which may include a school board appearance or expulsion.

•ATTENDANCE PROCEDURE•

- A. Students who are absent should have a parent or guardian call the attendance office on the day of the absence to provide an explanation for the absence. The attendance phone number is 822-6717 (24 hour voice mail) or 822-6716 (attendance secretary). Students having a call on the day of absence should return directly to class on the next day.
- B. The only excused absences are those due to illness of the student, death in the family, or when the principal or associate principal consider it in the best interest of the pupil. There are many varying circumstances involved with reason for absence. Because of this, the school reserves the right to judge whether or not absences are excused.
- C. Students not having a call-in the day of the absence must bring a note from a parent or guardian explaining the absence to the attendance office prior to 7:40 a.m. the morning the student returns to school.
- D. If the school does not receive notification of a student absence within 48 hours of that absence the student will be deemed unexcused/truant and will be assigned consequences in accordance with the schools truancy policy.

•SIGN IN/SIGN OUT (APPOINTMENT) PROCEDURE• (Wisc. Stats. 118.15; 121.02)

Due to legal considerations, a student may not leave school, at any time, during the course of the school day without having parental permission on file and signing out in the attendance office. If a student fails to follow this procedure, the absence will be considered unexcused. The following procedure must be followed:

- A. The student should have a note or a call from home, which designates the time and purpose for leaving. PERMISSION must be received prior to leaving.
- B. The attendance clerk will issue a pass to the student with the time listed. The pass must be obtained between 7:00-7:33, on the day of the appointment.
- C. When it is time to leave, the student must show the pass to the teacher in charge.
- D. Before leaving, the student must sign out on the appropriate sheet in the attendance office. If the student is to return that day, he/she must sign back in on the same sheet and receive a re- admittance pass, back to class.
- E. If a student is ill and wishes to go home, he/she must report to the attendance office before leaving. The office will call home to have the student picked up from school. The student must sign out when the parent arrives to pick him/her up. When a student is ill and has a car at school, the parents will be called and the same procedure will be followed.

•HALL PASSES•

Students are not to be loitering in the hallways or going to their lockers during class time, which does include lunch hours. Books and/or lunches are to be taken with students from lockers before the bell rings which signals the start of a class hour, at which time hallways are to be cleared. If there is an emergency situation, the student should see his/her teacher or go to the office for a pass. Passes or staff signed agenda passports are required in all hallways once classes have begun. Any student caught forging a hall pass will face staff and/or administrative consequences. This may include but not be limited to suspension of hall pass privileges for a specified time.

•PREARRANGED ABSENCES•

Students who know they will be missing one or more days of school for reasons acceptable to the school (family trips, extended competition, etc.) must have written parental permission in advance. A parent/guardian must call or provide a note to the attendance office. The student should pick up the prearranged absence form in the attendance office and present to each of his/her teachers and appropriate associate principal before the absence. The prearranged absence form must be completed and returned to the attendance office at least one week in advance or as soon as possible.

Teachers will consider such factors as the student's attendance record, status of the makeup work, incomplete work and overall grades. Students with critically low grades and poor attendance records may not gain approval due to the possibility of failure of the class in question. If approved, class work and tests will be allowed to be made up.

•HOMEWORK DURING ABSENCE POLICY•

A student is allowed two (2) days make-up time for each day of excused absence. It is the responsibility of the student to get the assignments from his/her teacher and make them up within the allotted time.

A parent/guardian of a student who is absent for two (2) or more days may request homework assignments through the attendance office. Students, who have unexcused absences, may receive zeros on any quiz, test, or assignment (includes daily homework, papers, presentations, speeches, etc.)

•NON-PARTICIPATION DURING ABSENCE •

A student that is absent because of illness or truancy may not participate in athletics, concerts, dances, club meetings, work experiences, co-op experiences, youth options experiences, or other school related activities on the day or evening of the absence. A field trip does not prevent one from participation. A student that must be absent during the school may participate in after- school activities if he/she is present at minimum of ½ day (or 3 clock hours) and has been properly excused. A student may miss an entire day for funeral services and still be able to participate in after-school activities.

•IN-SCHOOL ILLNESS•

Students who become ill during the school day are expected to report to the attendance office for assistance. If the student requests to check out, a parent or legal guardian must be contacted by office personnel to come in to check the student out to insure health, safety, and welfare. When a student fails to check out in the office properly, the student will be considered unexcused or truant.

•TRUANCY• (Reference: [School Board Policy JEDA](#), Wisc.Stats:118.15 & 118.16, & Village Ordinance 44.12)

The following is a policy adopted by Pulaski High School to provide legal, consistent, and humane treatment of students involved in unexcused absences from school.

- A. DEFINITIONS. For the purposes of this Section, the following definitions shall apply:
- “Truancy” means any unexcused absence of part or all of one or more school days from school during which the school attendance officer, principal, or teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent pupil, and also means intermittent attendance carried on for the purpose of defeating the intent of the compulsory attendance law (s. 118.15).
 - “Habitual Truant” means a student who is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a semester.
 - “Tardy” means late arrival (5 minutes or less) of a student to a class without a pass from a staff member.
 - “Part of a School Day” for the purpose of determining truancy, means unexcused absence from class in excess of five (5) minutes which is defined as tardy.
- B. TRUANCY PROHIBITED. No child required to attend school pursuant to the provisions of §118.15, Wis. Stats., shall be absent from school for part or all of one or more days during which school attendance is required or engaged in intermittent attendance for the purpose of defeating the intent of these ordinances and of §118.15, Wis. Stats., unless the school attendance officer or principal of the child’s school, or the child’s teacher has been notified of the legal and acceptable cause of such absence by the parent or guardian of the absent pupil.

•TRUANCY INTERVENTION•

Attendance is mandatory for all K-12 students in the State of Wisconsin (**118.15 Compulsory school attendance**.) Regular attendance is an important component of a successful school experience. The teachers and administrators will work with students and families to ensure that the students of Pulaski High School attend on a regular basis. Therefore, the PHS attendance steps have been developed to outline to our students, staff and families the actions which will occur when a student is not present in school.

Attendance will be tracked and evaluated each school year. At the start of the year, the homeroom teacher and administration make initial contact with the student who seems to have frequent absences or a history of truancy. A positive conversation will help encourage positive attendance.

- a. A student who is absent from school without an acceptable excuse for part or all of 5 or more days in a year is considered “habitually truant”. Truancy Step 1 occurs when 1-2 days of truant absences in a semester occur and parents are notified by the attendance administrative assistant. Students will be issued structured lunch times to make up unexcused hours at the discretion of administration.
- b. The attendance administrative assistant sends a warning letter to parents (Truant Step 2) at 3 days of truant absences in a semester. Students will be issued structured lunch times to make up unexcused hours at the discretion of administration.
- c. At 5 days of truant absences in a semester (Truant Step 3), the parents are notified of a meeting with the counselor, administrator and student. Students will be issued structured lunch times to make up unexcused hours at the discretion of administration.
- d. At 8 days of truant absences in a semester (Truant Step 4) another warning letter goes to parents. Students will be issued structured lunch times to make up unexcused hours at the discretion of administration.
- e. At 10 days of truant absences (Truant Step 5), parents are notified by the official district letter and administration will complete and refer for a truancy ticket from the PSLO or, if excused, the attendance secretary sends out our official district letter and the student is required to provide a medical excuse for each additional absence to be excused. Students will be issued structured lunch times to make up unexcused hours at the discretion of administration. Administration will continue to notify parents and work in a collaborative effort to ensure positive attendance.
- f. At 12 absences or more truant absences in a semester (Truant step 6), parents are notified by administration that a truancy ticket will be issued for every 5 additional days missed. Students will be issued structured lunch times to make up unexcused hours at the discretion of administration. Excused absences may exceed 12 days if there are specific exceptions to the rules. (medical documentation, etc.) Social/County Services may be involved if deemed appropriate.

In addition, meeting times will be set up by the counselor with the student. Discussion will include further steps in attendance and how to support the student in coming to school more successfully.

•HABITUAL TRUANCY CONSEQUENCES•

Any child found by the Court to be a habitual truant shall be subject to one or more of the following dispositions:

- A. Suspension of the child’s operating (**driving**) privilege.
- B. Order the child to participate in counseling, community service or a supervised work program.
- C. Order the child to remain at home except during hours in which the child is attending religious worship or a school program.
- D. Order the person to attend an alternative educational program.
- E. Order the Department of Industry, Labor and Human Relations to revoke a permit authorizing the employment of the person.
- F. Order the person to attend school.
- G. Impose a forfeiture of not more than \$500.00, plus costs, §938.37, Stats., all or part of which forfeiture, plus costs, may be assessed against the person, the parents, or guardian of the person, or both.
- H. Any other reasonable conditions consistent with this subsection, including a curfew, restrictions as to going to or remaining on specified premises and restrictions on associating with other children or adults.
- I. An order placing the person under formal or informal supervision.
- J. An order for the person’s parent, guardian or legal custodian to participate in counseling or to attend school with the person, or both.

•TARDINESS•

For the purpose of this policy, a **tardy** is defined as the late arrival (up to 5 minutes) of a student to a class WITHOUT a pass from another staff member. Consequences for tardiness could include a verbal reprimand from teacher, a parental contact from teacher and/or administrator, a teacher-assigned structured lunch or structured PLT mod and/or administrative disciplinary action. If a student arrives to class more than 5 minutes late WITHOUT a pass from another staff member, the absence will be considered **truant**.

•ADULT STUDENT ATTENDANCE• (Reference: [School Board Policy KGE](#))

- A. An adult student (18 years or older) and still residing at home and/or claimed by their parent for tax purposes is not exempt from complying with policy enacted by the Board of Education or school administration; all school rules are binding regardless age.
- B. An adult student not residing at home and/or claimed for tax purposes must sign an attendance waiver form and register this form with the secretary in the attendance office. If absent, he/she must call the school prior to 10:00 a.m. that morning or the absence will be unexcused. If student is absent due to a medical appointment, the student must bring back written verification.
- C. Students emancipated from parental authority can assume responsibility for their attendance by presenting a notarized document stating emancipation and the state of living outside their parent/guardian home. Forms may be obtained from the attendance office.

SECTION 3 - DISCIPLINE

•PHILOSOPHY OF DISCIPLINE•

Pulaski High School, a community of learners will maintain an orderly and safe atmosphere conducive to learning. Maximum learning results from developing and supporting an atmosphere of self-discipline, responsibility, honesty, mutual care and the respect for oneself, others, and the environment. The students, faculty, and administration will strive, in a positive way, to communicate with, listen to, and support each other while aiming toward this goal of maximum learning. In order for maximum learning to take place, teachers, administrators, and other professional staff will require/encourage students to work toward meeting specific behavioral standards. Recognizing that no single direct response is correct for all staff and students and proper for every circumstance is central to this schools' discipline philosophy.

Consequences for disruptive behavior will be immediate and appropriate. This philosophy, which will demand and reward maximum effort, offers each person the opportunity to achieve success through growth and learning.

•STANDARDS FOR EXCELLENCE AT PULASKI HIGH SCHOOL•

We believe that maximum learning is the result of a school atmosphere, which supports and develops self-discipline, responsibility, honesty and respect for oneself, others, and the environment. The students, faculty, and administration of Pulaski High School will strive, in a positive way, to communicate with, listen to, and support each other while aiming toward this goal. This philosophy is basic and offers each student the opportunity to achieve success through growth and learning.

•ACADEMIC INTEGRITY•

Academic integrity is the pursuit of scholarly work in an open, honest, and responsible manner. Academic integrity is a basic guiding principle for all academic activity at Pulaski High School, and all members of the high school community are expected to act in accordance with this principle. Academic integrity includes a commitment not to engage in or tolerate acts of falsification, misrepresentation or deception in the completion of academic work. Such acts of dishonesty violate the fundamental and ethical principles of the Pulaski High School community and compromise the worth of work completed by others.

Note that cheating & plagiarism offenses are divided into two classes: a major violation and a minor violation, as determined by the classroom teacher. A major cheating violation includes, but is not limited to tests, quizzes, exams, final exams, lab reports, book reports, and major classroom assessments. A major plagiarism violation includes, but is not limited to, plagiarizing all or part of a written assignment, paper, product, poem, etc.

Major violations follow the consequences listed below, while minor violations are left to the individual teacher's discretion for consequences. In the case of a minor violation a decision can be made to follow the major violation consequences. Any step in this process may be applied based on the severity of the offense at the discretion of administration.

Violations of plagiarism and cheating are cumulative over the course of a student's high school career.

For example if a student receives a violation as a freshman at step one, for the student's next violation he or she will be at step two regardless of current grade-level. Cheating/plagiarism violations can preclude students from reception of scholarships and other academic awards.

Plagiarism -

Below is the rule that will be in effect for the entire school year, in all classes, for all students in grades 9-12, or taking a class at Pulaski High School

Definition:

Plagiarism is the act of using someone else's words and ideas and passing them off as one's own. It ranges from borrowing a few phrases or ideas without citing the source to purchasing a pre-written paper from an Internet site. Intentional or not, plagiarism is dishonest.

Examples (including, but not limited to):

- a) Copying information word for word from a source without using quotation marks and giving proper acknowledgement by way of footnote, endnote, or intertextual note.
- b) Paraphrasing or putting into one's own words information from a source without providing proper acknowledgement/citation.
- c) Reproducing without proper citation any other form of work of another person, such as a musical phrase, a proof, experimental data, laboratory report, graphics design or computer code.

Even re-using parts of or a paper from a previously taken class is academic dishonesty and unacceptable.

Furthermore, "collaborating" or working with another student can be construed as dishonesty if it is not part of the specific assignment guidelines. Everyone is responsible for following the teacher's instructions concerning plagiarism and citing sources. The website www.turnitin.com is a tool used by staff and students that helps prevent plagiarism. Papers are compared to Internet documents and previously submitted student papers. Reports are then forwarded to the teacher, assuring teachers and students that the papers turned in truly represent students' **original** work. Submitting papers to this program also protects you from others plagiarizing your work.

Cheating -

Below is the rule that will be in effect for the entire school year, in all classes, for all students in grades 9-12, or taking a class at Pulaski High School.

Definition:

Cheating refers to intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise. Examples can include, but are not limited to, copying, using unauthorized aids during testing, handing in the same paper for another class without permission of the instructor, possession of test materials, talking or cell phone use during a test, leaving an online testing session during a test without teacher permission, sharing testing information with another student, etc. In addition, violations of unauthorized collaboration, fabrication of materials/work (making up a source/citation), facilitation (allowing others to copy, taking a test or completing work for another student, etc.), misrepresentation (taking credit for work not done), & participation in dishonest acts (purchasing a pre-written paper, intentionally missing an exam or deadline to gain unfair advantage, distributing materials for the purpose of cheating or other academically dishonest acts), etc. also qualify as cheating.

Cheating/Plagiarism Violation Steps:

1. The student will be given a warning regarding the cheating or plagiarism and he/she will have one opportunity to redo the assignment (or an alternative at teacher's discretion) to receive credit for a possible total of **60% for a perfectly redone assignment**, timeline as determined by the teacher. The teacher should contact the parents regarding the incident. A behavior referral should also be filled out to document the incident. A copy of the referral will be sent home. In addition, a discussion about a Co-Curricular Code-of-Conduct Violation for the next cheating offense with the Athletic and/or Activities Director will take place. A Co-Curricular Code-of-Conduct Violation may be applied per the discretion of the Athletic/Activities Directors.
2. If a second offense occurs in any class, the student will receive a **zero** on the work, and a record of his/her offense will be filed with the office. The teacher should contact the parents regarding the incident and a behavior referral will also be filled out to document the incident. A copy of the referral will be sent home. A Co-Curricular Code-of-Conduct Violation will be applied per the individual student.
3. If a third offense occurs in any class, the student will receive a zero on the work and, in addition, will have his or her cumulative score lowered by one letter grade for the quarter in the class in which the third offense occurs. This may result in a failure for the semester if the student's average was a "D" before the grade was lowered. The teacher should contact the parents regarding the incident and a behavior referral will also be filled out to document the incident. A copy of the referral will be sent home. A Co-Curricular Code-of-Conduct Violation will be applied per the individual student.
4. If a fourth offense occurs in any class, all consequences from step three will be applied. In addition, the Student Action Team will meet to determine potential additional options such as, but not limited to, changes to the format of the class, independent study, PBL, summer school/credit recovery, etc. Additional consequences including, but not limited to backscheduling, lunch detentions, out-of-school suspension, etc. may also be applied.

College credit and AP courses will follow specified cheating/plagiarism expectations as laid-out by the associated Universities and the AP Board

•SEXUAL HARASSMENT STUDENT POLICY•

The Pulaski Community School District maintains and ensures a learning and working environment free of any form of sexual harassment or intimidation toward and between students, employees, school board members, parents, volunteers, independent contracted service workers, and applications for employment. It is, therefore, the policy of the district that neither students nor employees will be allowed to engage in any form of sexual harassment or intimidation toward students or school employees.

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, uninvited telephone calls or letters, and other verbal, visual, or physical conduct of a sexual nature. Sexual harassment also includes, but is not limited to, unwelcome sexual flirtations, advances or propositions, verbal abuse of a sexual nature, subtle pressure or requests for sexual activities, unnecessary touching of an individual, graphic verbal commentaries about an individual's body, unusually degrading words used to describe an individual, a display of sexually suggestive objects or pictures, sexually explicit or offensive jokes or physical contact.

No employee or student shall threaten or insinuate, either explicitly or implicitly, that a student's refusal to submit to sexual advances will adversely affect that person's school performance, employment, work status, evaluation, wages, advancement, assigned duties, shifts, or any other condition of employment, or career or educational development.

Similarly, no employee or student shall promise, imply or grant any preferential treatment in connection with another student engaging in sexual conduct.

Any employee or student who is determined, after an investigation, to have engaged in sexual harassment in violation of this policy, will be subject to appropriate response, which may include suspension or expulsion for students.

Any student or any parents/guardians who believe their student has been subjected to sexual harassment should report the incident(s) to the building principal/designee. If a student or parent is not comfortable with making a complaint to the principal/designee, the complaint may be made to a teacher, counselor, social workers, psychologist, or nurse with the understanding that incidents must be reported to the administration. Every effort will be made, when requested, to maintain the confidentiality of witness identity, unless the witness is requested to testify at a hearing.

•**SEARCH AND SEIZURE**• (Reference: [School Board Policy JFG](#))

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy.

The Board directs that the searches may be conducted by the

- A. Superintendent,
- B. Building Principals,
- C. Assistant Principals,
- D. Police Liaison Officer,
- E. Technology Director,
- F. Central Office Administrators.

School Property

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Desks and lockers are public property and school authorities may make reasonable regulations regarding their use. The District retains ownership and possessory control of student desks and lockers and the same may be searched at random by school personnel at any time. A showing of reasonable cause or suspicion is not a necessary precondition to a search under this paragraph. Students shall not have an expectation of privacy in lockers, desks, or other school property as to prevent examination by a school official.

Student Person and Possessions

The Board recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion that the search will produce evidence that the student has violated or is violating either a particular law or a particular rule of the school. Any search under this paragraph must be reasonable in scope and reasonable in the manner in which it is conducted. The extent of the search will be governed by the seriousness of the suspected infraction, the student's age and gender, the student's disciplinary history, and any other relevant circumstances or information.

The Board authorizes the administration to confiscate and search school owned electronic devices including, cell phones, PDA's, I pods, I pads, lap tops, etc. when there is a reasonable suspicion that contents on the device are violating the law or school rules. Privately owned electronic devices can be searched in accordance with state and federal laws.

Search of a student's person or intimate personal belongings shall be conducted whenever possible by a person of the student's gender, in the presence of another staff member of the same gender, and in a manner that is minimally intrusive to the student based on the reasonable suspicion justifying the search.

This authorization to search shall also apply to all situations both on and off school property in which the student is under the jurisdiction of the Board.

Private Vehicles On School Property

Permission for a student to bring a vehicle on school property shall be allowed by the administration. Administration may search a vehicle and all containers inside the vehicle when there is reasonable suspicion to believe the search will produce evidence of a violation of a particular law, a school rule, or a condition that endangers the safety or health of the student driver or others.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the school administration. The administration shall attempt to obtain the freely- offered consent of the student to the inspection; however, provided there is reasonable suspicion pursuant to the above paragraphs, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the administration in the presence of the student and another staff member. A search prompted by the reasonable suspicion that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

Use Law Enforcement and/or Canine Unit

The administration may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the administration, the search shall be conducted by the law enforcement officers at the direction of a District official. Law enforcement searches conducted independent of any District official request or direction shall be conducted based on standards applicable to law enforcement.

The Board authorizes the use of specially-trained dogs to detect the presence of drugs and devices such as bombs on school property under the following conditions:

- A. The presence of the dogs on school property is authorized in advance by the Superintendent, except in emergency situations, or is pursuant to a court order or warrant.
- B. The dog must be handled by a law enforcement officer or certified organization specially trained to safely and competently work with the dog.
- C. The dog is represented by the Sheriff or Chief of the law enforcement agency providing the service as capable of accurately detecting drugs and/or devices.

The Board authorizes the search of students and his/her belongings if and when a specially trained dog detects the presence of drugs and or devices such as bombs, on the student and/or his/her belongings including backpacks, bags, purses or other containers used by students to hold personal belongings.

Administrative Responsibilities

The administration shall conduct routine inspections of school owned property and shall monitor the use of school owned electronic devices to maintain the safety and well-being of the students in their care.

When an individual student's behavior is being investigated, The administration shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The administration shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a particular law or school rule or which endangers the safety or health of any person shall be

seized and properly cataloged for use as evidence if appropriate. Seized items shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items that may not lawfully be possessed by the owner shall be turned over to law enforcement.

The administration shall contact parents/guardians subsequent to any search of a student's personal possessions and/or vehicle.

Students should expect to make up work missed outside of the regular hours arranging to use time before school, after school, or during their lunch or free period. A field trip is an extension of the classroom outside the walls of the school. Therefore, all school rules apply on a field trip.

•COMMONS•

The cafeteria (commons) is a place to eat study, relax, and visit before school, during lunch hours, and after school. Students may move around in the cafeteria but must not disturb others. •ANNOUNCEMENTS•

The announcements are divided into two sections; “general” and “activity” announcements. General announcements will be read over the PA system during homeroom. Since communication breakdown often results from failure to pay attention to the announcements, it is essential for each student to pay particular attention at this time. Announcements will also be posted daily to our website.

Activity announcements (athletics, clubs, and school sponsored organizations) will be scrolled across television monitors in the building throughout the school day. Reminders may be given to students during general announcements to check the monitors for specific activity announcements. It is the responsibility of the student to check the monitors (located in classrooms, resource centers, commons, and hallways) on a daily basis.

Students who wish to submit an announcement must secure teacher/coach/advisor approval and return the form to the secretary in Pulaski News.

•EMERGENCY PROCEDURES•

A. ACCIDENT PROCEDURE.

Students injured at school must report the incident immediately to the teacher in charge. Reporting accidents several days after they happen will result in denial of filing a claim. Be certain your teacher knows immediately when, where and how you were injured. Student injury should be covered by personal insurance since the school district does not insure individual students.

B. EMERGENCY CARD.

State law requires all students to have an emergency card on file in the school office. New information must be compiled each year. Forms will be collected during registration and kept on file in the office.

C. FIRE (DRILLS).

It is essential that when the signal (loud buzz, flashing lights) is given, everyone obeys promptly and leaves the building by the prescribed route as quickly as possible. The teacher in each classroom will give the students instructions. The entire building must evacuate. Students are to walk a minimum of seventy-five feet from the building. An all clear signal will be given to re- enter the building. Fire drills at regular intervals are required by law and are an important safety precaution.

D. ADMINISTRATIVE HOLD/ SECURITY ALERT (DRILLS).

If a situation requires use of a hold or alert, an announcement about the situation will be made by an administrator over the PA system. Students and staff will **respond per the hold/alerts noted below.** Periodic drills will be held throughout the school year.

- **YELLOW ADMINISTRATIVE HOLD** - Students remain inside locked classroom or safe location until further instruction is given. Learning continues during a yellow administrative hold. Examples (but not limited to) of use of a yellow administrative hold include a medical emergency, a scheduled police presence or training.
- **RED SECURITY ALERT** - Students follow procedures per ALICE method: Alert, Lockdown, Inform, Counter, Evacuate.

E. TORNADO (DRILLS).

If dangerous weather systems exist in the area, an announcement will be made by an administrator over the PA system to seek potentially safer areas of the building.

Your teacher will direct you to a designated area. Tornado evacuation procedures are located above the classroom doors. Whenever possible, go to an interior hallway on the lowest floor. Avoid gymnasiums, commons, or other structures with wide, free-span ceilings. Also avoid walls and windows that contain glass. An all clear announcement over the PA system will be made when the tornado drill is over. A tornado drill will be held in April.

- F. WEATHER CONDITIONS DECISIONS. Occasionally it is necessary to delay school, cancel school, or release students early due to unsafe weather conditions. Parents and students are reminded to listen to local radio station announcements between 6:00 a.m. and 7:00 a.m. regarding cancellations and delay of starting time. Please use discretion in calling school unless an emergency exists. SECTION 6 - SERVICES

•COUNSELING•

The Pulaski High School Counseling Program has been developed based upon the Wisconsin Comprehensive School Counseling Model and the American School Counseling Association National Standards. The program focuses on academic success for all students and gives students a purpose for learning. It prepares students to succeed in the domains of career development, academic development, and personal/social development. The services provided include, but are not limited to, individual and group counseling in the following areas: academic skills, career planning, conflict resolution, self-management skills, and AODA issues.

Counseling provides each student with a safe atmosphere to discuss personal feelings, thoughts, and problems with a person who cares. The basic philosophy of counseling at Pulaski High School is that each individual is important and all of us at some time probably need help or counseling in our lives.

The following students, based on alphabet, will be assigned the designated counselor. The primary reason for this arrangement is to allow students to better know their counselor by being assigned to them on a 4-year program. However, students and parents are reminded that students may request another counselor under appropriate circumstances.

SARA DIEHLMANN: All student surnames HF-P

•WISCONSIN ACADEMIC EXCELLENCE SCHOLARSHIP•

A. Eligibility and Selection Criteria

The eligibility and selection criteria for the Wisconsin Academic Excellence Scholarship are defined in SS 39.41 and Chapter HEA 9, Higher Educational Aids. The Pulaski High School Principal will select Pulaski Community School District scholars based on these laws. Students who are anticipating eligibility for the Wisconsin Academic Excellence Scholarship are required to complete the American College Test (ACT) and provide the score to the High School principal prior to the selection deadline in order to be eligible for this scholarship. The requirement exists due to the inclusion of the ACT score in the District tie-breaking procedure as described herein.

B. Tie-Breaking Procedure

When the principal finds more than one student to be equal based on eligibility and selection criteria established under law, the principal shall employ the following procedure to break the tie to name the scholar(s) and prioritize the remaining students as alternates.

1. Proof that the scholar has sent an application to a Wisconsin post-secondary college/university or technical college as verified by the Pulaski High School Guidance Department.
2. If a tie continues to exist, the student with the greatest number of grade (mark) points accumulated by the end of the semester preceding the selection deadline will be used.
3. If a tie continues to exist, the student with the highest score on the American College Test (ACT) by the end of the semester preceding the selection deadline shall be named the scholar. If any of the students involved have taken the ACT more than once, the highest composite score received, prior to the election deadline, will be used.
4. If a tie continues to exist, the candidate will be referred to the Pulaski High School Scholarship Committee. The committee will select the scholar by applying the following factors:
 - The candidate's difficulty of course schedules throughout their high school years.
 - The involvement in curricular and co-curricular activities.
 - The candidate's service activities.

•WISCONSIN TECHNICAL EXCELLENCE SCHOLARSHIP• (Reference: [School Board Policy JIA](#))

Technical Excellence Scholarships (TES) are to be awarded by the State of Wisconsin to Wisconsin high school seniors who have the highest demonstrated level of proficiency in technical education subjects.

The District shall identify its Technical Excellence Scholarship designee(s) and alternate(s) using the following procedures:

1. Any high school senior who is eligible to compete for the scholarship shall declare his/her interest in being considered as a candidate by submitting, on a timely basis, a form or other means of notice as directed by the administration.
2. Members of the District's high school staff shall verify that each student who has submitted a timely declaration of interest meets the minimum eligibility requirements that are to be verified at the school level, including all such requirements established under these procedures, by policy JI – Student Scholarships or by the HEAB or by the scholarship program 's authorizing statute.
3. For purposes of ranking the qualified scholarship candidates and designating scholars and alternates, the District adopts the points-based ranking system established by the HEAB, under which students' grade-point average in their Career and Technical Education (CTE) courses serves as the initial tie-breaker if two or more relevant students have acquired the identical number of points. If there are any remaining relevant ties, those remaining ties shall be resolved through the further tiebreaking procedures that have been developed and approved by representatives of the high school administration and staff.
4. The high school will designate and rank a group of alternates that is at least equal in number to the number of scholarships that the high school is permitted to award under these procedures.
