

Summer 2019

Dear Parents/Guardians,

Congratulations on all the hard work that you and your child/ren have put into learning this school year! We are so thankful to have parents that are involved in their child/ren's education. Summer is here and we are so happy! It is definitely a time to go out and enjoy the beautiful weather and spend time with friends and family. Please help us with your continued support by **encouraging weekly reading practice** throughout the summer. **SUMMER READING LOSS IS REAL and if we don't continue to read to or with our child/ren in the summer, they WILL lose 2-3 months of their growth.**

To help support you, we have put together a list of resources. Our local libraries have wonderful staff ready to help you find books **OR** visit some of the websites listed on the back of this page. **Set goals** with your child for weekly reading minutes and then celebrate when they have met their goal. We have included a goal setting sheet for you. **Take action** to achieve your goals and **have fun reading this summer. Celebrate** the goals when they are met and look forward to seeing the pay off in the Fall when your child/ren come back with the skills they left with!

3 easy steps...

1. Set goals.
2. Take action to achieve goals-READ!!!
3. Celebrate achieving your goals!

****** See the back side for Reading and Math Resources!!!!**

Reading Resources

<https://www.khanacademy.org/kids> Free app personalized learning for students ages 2-6.

<https://www.khanacademy.org/signup?isparent=1> Sign up for Khan academy in any grade for personalized learning in reading/math.

<https://pbskids.org/games/reading/> Reading games for preK-3rd grade.

http://www.readwritethink.org/search/?resource_type=16&type=32 Great website for K-2 practice with ABC match, sight words, word families and so much more.

<https://www.storylineonline.net> Amazing books read aloud by actors/actresses!

<https://www.getepic.com> Epic app is an amazing digital library and is free for the first 30 days.

<http://en.childrenslibrary.org> International Childrens Digital Library provides access to digital books!

<https://www.browncountylibrary.org/wp-content/uploads/2019/05/SRA-Calendar-FINAL-REDUCED.pdf> Check out this link to see the awesome events at the Public Libraries throughout the area this summer!

<https://kids.nationalgeographic.com> Excellent non-fiction texts that have amazing graphics, videos and more. This is perfect for the student who loves learning new things!

<https://www.bookitprogram.com/programs/summer-reading> BookIt offers activities and printables to help prevent the summer slip. Plus parents will find summer reading lists by grade.

<https://www.readworks.org> Poems, stories and passages with comprehension questions at every level. Free. More of a teaching site, not for pleasure reading.

Math Resources

<https://www.prodigygame.com> Prodigy is a highly engaging math site that is free. Click on this link to sign up. It is appropriate for grades 1-8.

<https://www.freckle.com/math/> This site is a free math site that is highly engaging for K-9 students! Another great math practice option.

<https://www.khanacademy.org/signup?isparent=1> Sign up for Khan academy in any grade for personalized learning in reading/math.

Name: _____

My Summer Goals

My 3 summer goals are:

1. _____
2. _____
3. _____

These are good goals for me because:

To make sure my goals happen, I will:

My goals will require me to:

summer reading log: _____

title / author of book	minutes read
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 
	10 15 20 30 

 Circle the sun on the day you finish the book!
