

# Pulaski Community School District Academic and Career Planning (ACP) Plan 2019 -2020

Academic and Career Planning, or ACP, is a student-driven, adult supported process in which students create and cultivate their own unique and information-based visions for post-secondary success, obtained through self-exploration and the development of career management and planning skills. The Wisconsin Department of Public Instruction (<http://dpi.wi.gov/acp>) in the PI26 legislation requires public school districts to provide academic and career planning services to students in Grades 6 through 12. These academic and career planning requirements connect school districts' education for employment plans and programs to the new academic and career planning requirements.

The ACP is a 4 part process of KNOW, EXPLORE, PLAN, AND GO which students develop throughout Middle School and High School. It is an integral part of our Comprehensive School Counseling conferencing model.
