

PULASKI HIGH SCHOOL EARLY COLLEGE CREDIT PROGRAM & START COLLEGE NOW

The Early College Credit Program (ECCP) allows public high school students who meet certain requirements to enroll in a UW System institution, or a private, nonprofit institution of higher education, to take one or more nonsectarian courses, for which the pupil may earn high school credit, post-secondary credit, or both.

The program opens the door to greater learning opportunities for students who wish to begin college early or want to prepare to enter the workforce immediately after high school graduation.

Under the ECCP, the cost of courses taken is shared among the institution of higher education (IHE), Pulaski High School, the state, and in some cases, the student's family. If the student is only receiving post-secondary credit for a course, the student's family is responsible for paying 25 percent of the allowable tuition charged unless that payment would pose an undue financial burden on the family as determined by DPI. If the student is earning high school credit as a result of enrolling in the course, the student is not responsible for tuition payment.

Start College Now (SCN) will allow students the opportunity to take college courses at the Wisconsin Technical Colleges
