

There are employment opportunities that are available to graduating seniors (18 years of age or older) who may be seeking employment during the upcoming summer of 2021. Georgia Pacific has been hiring summer students for over 30 years in Green Bay and we are projecting on placing a minimum of 100 students for these positions. This is a great way for students to gain hands on experience, network, and get their foot in the door to establish themselves for future internships or careers at Georgia Pacific.

A majority of these openings have a starting wage of over \$14.00 per hour and no experience is required. Positions typically last from May/June through August/September depending on student availability (and we are very flexible with beginning and end dates). Locations for these jobs include our Broadway and Day Street mills, Broadway Offices, and Packerland facility.

We have already started to receive applications so act quickly!
