

## *Creating Connections: Family, Friends & Beyond*

A friendship group to help children ages 4 and older to learn skills to enhance their relationships and social experiences in a nurturing and safe environment.

Led by speech and occupational therapists, play activities focus on:

- taking turns
- listening
- reading social cues
- expanding play interests
- conversational skills
- expressing feelings appropriately
- cooperation
- increasing attention

Parents are partners with therapists in supporting their child's growth and change. Parents will learn how to facilitate social interactions and learn different ways to play to promote their child's social development.

Wednesdays, 4:30 to 5:30 p.m.
