GENERAL REGISTRATION INFORMATION

District 90 uses the Infosnap secure online registration system. Invitations to register are sent to the primary family email address you provided. A separate email is sent for each student.

Automatically start (or resume) the registration process by clicking on the **infosnap snapcode** link embedded in the invitation email(s). (As an alternative, you may [click here](#), but you will then be asked to enter the student specific Snapcode contained in invitation email.)

To ensure that all students reside within the boundaries of the school district, **proof of residency** is required each year. **Families of returning students** must provide a copy of the Real Estate Tax Bill issued within the last 6 months, or a copy of a current lease.

- For your convenience, digital copies may be uploaded as part of the online registration of each student.
- If that is not possible, copies may be mailed or brought to the District Office at 7776 West Lake Street, River Forest, Illinois.

If you are unable to provide the property tax bill or a current lease, or if the property tax bill is not in your name, please contact the District Office at 708-771-8282.
