Free Early Childhood Screening Program (2018 - 2019)

Willard School

Early Childhood Screening takes a developmental snapshot of children between the ages of 3 and 5 in the areas of hearing, vision, coordination, speech, cognitive development, and social and emotional skills. District 90 provides free developmental screening of children.

This year's screening dates are: September 7th, October 5th, November 2nd, December 7th, January 11th, February 1st, March 8th, April 5th, May 3rd and June 7th. Screenings are scheduled from 12:30 pm - 2:00 pm.

Early Childhood Screening gives parents valuable information about their child's growth, and helps identify any developmental factors that may interfere with a child's learning, growth and development.

Early Childhood Screening also helps to identify children who may need some extra support before they start school.

Call Jolie Feliciano at 708-771-8282 extension 8286 to schedule an appointment.
