8:45am-9:40am The following classes meet Monday through Friday at Roosevelt Middle School.

****Please note the earlier start time.****

Grade(s)	Name of Class	Instructor
5-8	<p>Digital Photography</p> <p>Do you have an eye for composition? Are you someone who notices how light shines on objects? Do you long to capture the action of events taking place before your eyes? Join digital photography class and learn to expertly capture a story, moment in time, point of view, or aspect of culture. Students taking this class will use perspective, focal point, magnification, dramatic lighting, cropping, juxtaposition, and compelling colors to create highly original photographs on iPads.</p> <p>Week One: History and recreating historical paintings as photos Week Two: Shadows, reflections, and filters Week Three: Forced perspective and adding drawing aspects Week Four: Small worlds and nature photography</p>	Casey Klemp
5-8	<p>Jewelry Making</p> <p>Let's be creative! We'll make our own beads out of clay and paper, as well as learn how to weave together multiple strings of beads and string to make patterns. You can bring in some of your own beads if you want, and we'll have plenty in class for everyone as well. We'll make necklaces and bracelets, and even learn about jewelry designs and beliefs from other cultures.</p>	Amy McFarlane

8:45am-9:40am The following classes meet Monday through Friday at Roosevelt Middle School.
****Please note the earlier start time.****

5-8	<p>Four Square Four weeks, four different games! Students will get the chance to participate in various sports games.</p> <p>Week One: Soccer Week Two: Whiffle Ball Week Three: Backyard Games: Steal the bacon, capture the flag, flag football Week Four: Floor Hockey</p>	Robert Bachar
5-8	<p>Movie Magic 2.0 Calling all creatives! Join this advanced iPad class to learn new movie making skills. Create and mash together animations, green screen effects, and original music to create one-of-a-kind films. If you love making and sharing videos, this class is for you!</p> <p>Week One: 2D Animation Week Two: Stop Motion Animation Week Three: Green Screen Week Four: Advanced iMovie</p>	TBA
5-8	<p>National Parks & Hiking Hiking is more than just walking in the woods- it's about learning what route is best for you and what makes the park special. Did you know that some of the National Parks are even underwater, or that some of them are homes to some pretty interesting wildlife? We'll learn about some of the National Parks in the US by talking to park rangers and virtually touring the parks. We'll also learn how to plan out a hiking trip, including choosing hiking routes, booking lodging, and packing supplies. Plus, we'll take a weekly trip to Thatcher Woods, weather permitting, to practice our hiking skills.</p>	Amy McFarlane
5-8	<p>Girls' Bulldog Basketball Enjoy this basketball experience to improve your skills and raise your game! Players will develop their fundamentals and have fun scrimmaging. Join us for one week or for as many weeks as you like!</p> <p>Week One: June 14 – June 22 Week Two: June 25 – June 29 Week Three: July 2 – July 6 Week Four: July 9 – July 13</p>	Mark Geweke

Four Week Courses -

The following courses will meet all four weeks of Summer School, Thursday, June 17th – Friday, July 12th. Classes are \$152 for residents, and \$190 for non-residents.

8:45am-9:40am The following classes meet Monday through Friday at Roosevelt Middle School.
Please note the earlier start time.

Grade(s)	Name of Class	Instructor
5-8	You be the Judge! Join young detectives and explore "Who Done It" cases. We also become young lawyers acting out real life court cases. Learn the court system, procedures, and the art of argument in a reader's theater format.	Michelle Spanos
5-8	Bulldog Math Rules! *Enrollment by invitation only. Password Required* Could you use some extra help with multiplication facts, or long division? Do fractions and factors, exponents and square roots still confuse you? Do some concepts seem like you'll never use them again? If you answered yes to any or all of these questions, then this is the class for you. We'll practice math facts, operations, basic geometry, and simple algebraic equations. Through individual and group work, one-on-one and whole-class instruction, the use of technology, manipulatives, and your hard work, we'll all learn and relearn all the fundamental concepts needed to be successful in middle school math. Using real world problems, hopefully we'll all see that math is important in everything we do, see, and want to be.	Corey Kadlec
5-8	Rockin' Readers *Enrollment by invitation only. Password Required* Improve and reinforce literacy through a variety of engaging activities. Students who have needed support throughout the school year will review skills with SLANT (System for Structured Language Training), which provides personalized, research-based, multi-sensory language training to struggling readers; as well as through the use of technology programs, Lexia Strategies for Older Readers and Reading Plus. Each day, students will be actively engaged while working on these programs as well as engaging in reader's theater, reading for fluency and playing vocabulary/word games. This is the time to work on the skills that reinforce comprehension and fluency, and do so in a comfortable, supportive environment.	Wendy Kennedy
7-8	Rockin' Writers *Enrollment by invitation only. Password required* Get ready to roll with your pencil and paper! Students who needed support throughout the school year will review and reinforce their writing skills in an engaging and supportive environment. This writing lab will be filled with fun activities focusing on improving writing skills and production. Students will work independently, in small groups, and at writing centers to complete a variety of tasks.	Margaret Cuisinier
