We agree to:

- Honor time and expertise from all members of the group
- Value all voices and experiences
- Keep an open mind
- Share the floor
- Presume positive intent
- Be mindful of time
- Be comfortable asking questions
- Have patience with one another
- Keep the end goal in mind
- Speak from our own experiences ("I" language)
D90 Literacy Overview

- Components of effective literacy instruction
- Previous framing of evidence-based practices
- 2024 Illinois Comprehensive Literacy Plan framing of evidence-based practices
- Current D90 instructional materials supporting literacy component instruction
- Literacy Committee roles and responsibilities
- Materials review: essential questions
Components of Effective Literacy Instruction

- **Phonemic Awareness** – The ability to identify and play with individual sounds in spoken words
- **Phonics** – Explicit and systematic reading instruction on understanding how letters and groups of letters link to sounds to form letter-sound relationships and spelling patterns
- **Fluency** – The ability to read words, phrases, and stories correctly, with enough speed and expression
- **Vocabulary** – Knowing what words mean and how to say and use them correctly
- **Comprehension** – The ability to understand what you are reading
- **Oracy** – The development and use of oral communications skills

PREVIOUS FRAMING OF EVIDENCE-BASED INSTRUCTIONAL PRACTICES

• Teach reading for authentic meaning-making literacy experiences for pleasure to be informed, and to perform a task
• Use high-quality literature
• Integrate a comprehensive word/study phonics program into reading and writing instruction
• Use multiple texts that link and expand concepts
• Balance teacher- and student-led discussions

Source: “What is Evidence-Based Reading Instruction?” A Position Statement of the International Reading Association (May 2002)
PREVIOUS FRAMING OF EVIDENCE-BASED INSTRUCTIONAL PRACTICES (CONTINUED)

• Build whole-class community that emphasizes important concepts and builds background knowledge

• Work with students in small groups while other students read and write about what they have read

• Give students plenty of time to read in class

• Give students direct instruction in decoding and comprehension strategies that support independent reading, balance guided and direct instruction, and independent learning

• Use a variety of assessment techniques to inform instruction

Source: "What is Evidence-Based Reading Instruction?" A Position Statement of the International Reading Association (May 2002)
2024 ILLINOIS COMPREHENSIVE LITERACY PLAN: WHAT IS EVIDENCE-BASED INSTRUCTION?

WHAT IT IS

• A collection of research to inform instruction
• Ever-evolving
• Teaching based on the components of literacy

WHAT IT IS NOT

• A program, an intervention, or a product that can be purchased
• Phonics-based programs that drill phonics skills
• Complete and final
CONSIDERATIONS FOR ALL LEARNERS

• High-quality, diverse, and culturally sustaining materials
• Concepts of print
• High-volume print access/active engagement with text
• Print-immersive, language-rich, and content-rich environment
• Flexible, differentiated instruction base on formative assessment
• Support for home language and bilingualism

Literacy Committee Role and Responsibilities

- Convene a representative committee of K-8 teachers, specialist, coaches, and administrators
- Conduct a comprehensive review of education and best practices research
- Review the 2024 Illinois Comprehensive Literacy Plan (expected January 1, 2024)
- Identify and vet sample instructional materials with comprehensive rubric
- Prepare for and conduct classroom materials pilot
- Adopt, implement, and provide professional training for new program
Materials Review: Essential Questions

Does this program or instructional approach provide systemic and explicit instruction in the particular strategies that have been proven to relate to high rates of achievement in reading for our population of students?

Does the program or instructional approach provide flexibility for use with the range of learners in the various classrooms? Are there assessment tools that assist teachers in identifying individual learning needs? Are there a variety of strategies and activities that are consistent with diverse learning needs?

Does the program or instructional approach provide a collection of high-quality literacy materials that are diverse in level of difficulty, genre, topic, and cultural representation to meet the needs and interests of the children with whom it will be used?
