Evans Middle School - Traffic Plan

Purpose: To provide a SAFE means for EMS students to arrive and leave school during high traffic periods (7:30 A.M. to 8:10 A.M. and 2:45 P.M. to 3:15 P.M.)

Concept:

- Yellow markings represent school vehicle routes (i.e. buses). Blue markings represent personal vehicle routes.
- No parking on Chester Ave. in front of EMS & parking lot. Bus Loading/Unloading zone.
- One way traffic (South to North) from Finley Ave through West end of EMS parking lot.
- Designated student drop-off zones during high traffic periods. Identified and colored in light blue.

1. Before School - Yellow School buses will drop off 7th and 8th grade students in front of the gym doors and 6th grade students in front of the auditorium doors on Chester Ave. 6th grade parents (only) may drop students off directly in front of the auditorium. 7th & 8th grade parents may drop students off on Evans Boulevard. No parking.
2. During School (8:10 - 2:45) parents must pick up/drop off students in front of Main entrance.
3. After School (2:45 - 3:15) Yellow buses will load students in front of EMS from corner of Chester and Ferry to EMS parking lot. Parent pick-up for all students is located South and West of Main entrance on Evans Boulevard.
4. Please do not drop off or pick up your child on Ferry Street. This is a safety concern with the amount of traffic on that road.
5. No vehicles will be allowed to park in the fire lane by the main entrance. RED ZONE
